

CASTING OUT DEMONS (EPISODE 12)

Welcome back to Jedi Training. This podcast is titled Casting Out Demons.

Does anybody know what the first miracle of Jesus was in the Gospels?

As you probably guessed, it's casting out demons from a guy in a synagogue.

So this is an important idea that we have to unpack.

There's a lot that's been said and written on this event.

So we're going to try and sum it up.

Because this is at the core of Jedi Training.

So, the first Gospel that was written, according to historians, and is accepted by most, is the Gospel according to Mark.

And the first miracle performed there was the casting out of demons from a man in the synagogue.

Now, why is it in a synagogue?

Why is it in the Holy Land?

And this is an important idea to understand.

This didn't happen in China.

It didn't happen in India.

It didn't happen in some other country of the ancient world.

It didn't even happen in Rome.

The first recorded casting out of demons happened in a synagogue.

And Jesus never tries to separate himself from the faith.

Again, the Gospels of the Kingdom that he's preaching about are the books of the Old Testament.

Now, in the books of the Old Testament, all of the miracles that were performed by Jesus were performed in the Old Testament, except the casting out of demons.

This was a new phenomenon.

People knew that demons were out there.

People knew that devils were out there.

But never before had anybody essentially attacked them.

And of course, this is happening as a consequence of understanding Scripture and living it out.

And of course, for those that are a little skeptic, Jesus has given us authority over all the powers of the dark side.

But wherever Jesus went, he cast out demons.

This is what brought him to fame.

This is what he was known for, as well as healing the sick.

Now, the question is, how did he do it?

And that's why it's important that you don't try to separate yourself from the books of the Old Testament.

That you don't try to separate yourself from the creator of heaven and earth.

Jesus never did that.

And so we shouldn't do that.

But it's at the core of that ability of being able to attack the dark side.

And it's at the core of telekinetics and being a Jedi, if you will.

And that's why we're spending a lot of time on this subject.

You might be thinking to yourself, this is starting to sound a little bit like Sunday school or anything like that.

But this is at the core of being able to focus the talent that's within you to attack the dark side.

So you can't separate yourself from it.

If you feel like you're repelled by the preaching of the gospel, then you probably need some deliverance.

And for that, well, we could try it over the microphone.

But essentially, it tends to require hands-on experience.

But it's something that you can work on.

And we'll probably try and point you in that direction if you're having trouble following the Bible.

And many people do.

The demons, the devils will do everything they can to get you to not listen to the gospels, to not understand the gospels, to not live that out.

That's their core mission, to keep you on the ground floor.

And it's our mission to get you off the ground floor.

So we're going to have to tackle that eventually.

But at the core of telekinetics, at the core of Jedi training, at the core of spiritual warfare, is understanding why and how Jesus could do the things that he could do.

Now, obviously, Jesus was like a superman.

And so we're not going to be able to walk on water for the most part.

But we are given authority to cast out demons in the name of Jesus.

And that's the beginning of the adventure.

But understanding that this is what we're up against,
an invisible force of darkness,
is the beginning of the journey.

Now, Jesus casted out many demons and many devils out of many different people.

And performed many miracles.

And this is all based on the idea of virtue, faith,
and being a priestly type person.

And that's what is going to be required of all of you
if you want to excel in telekinetics.

Now, of course, there's
a protocol that is involved with casting out demons.

And

before you even get there,

you really have to understand how to recognize
demonic possession.

Most people possess some kind of demon-like.

Most people possess some kind of virus
or bacteria.

is just floating around out there
waiting to come in.

And they entice you
with

all sorts of negative emotions.

It can be hatred.

It can be sadness.

It can be rejection.

It can be loneliness.

It can be lust.

But essentially,

the world is full of demons

just like the world is full of bacteria,

full of mold,

full of viruses.

And of course,

a virus is a

controversial kind of topic these days.

But the world is full of demons and devils

just like it's full of viruses and bacteria and fungi.

And

these things have a consciousness

and they'll try to

not only entice you,

but talk to you

and draw you in

one way or another.

They can do this

a million different ways.

But the idea

is to get you

to a low vibration,

to a weakened state

so that they can come in

and infect you

like

a virus.

And that's why

pretty much the older you are,

the more likely you are

to have some kind of demons

attached to you

and inside you.

And it's almost,

you know,

disgusting to think about

because it is.

And so you basically have to
push them out
through fasting in a sense,
denying yourself,
denying your lust,
denying your anger,
denying whatever
essentially
draws them in
and keeps them there.
and you have to
ask for deliverance.

And so
trying to deliver yourself
is
basically a good way
to practice.

And according to
the experts,
basically you want to try
and
breathe them out
or exhale them out
as
you're denying yourself
and asking

for deliverance
which
means
confessing,
repenting,
and calling on
the name of Jesus.

All those that call
on the name of Jesus
will be saved
and delivered.
but this can be
quite difficult
in some regards
because not everybody
wants to be saved
from their sins
or their loss
or their addictions
and the like.

but
we are dealing
with a legion
a huge variety
of
evil spirits

that have a consciousness

and that

not only try to

bring you down

and invade you

but eventually

will try to

torture you

make you sick

and kill you.

and so they say

sin leads to death

and

essentially

the demons

are the agent

that

that get that done.

And so it's important

to

try to minimize

all of your sins

and

all the demons

that might be

within you.

And this is a struggle
that everybody
has to
contend with.
but you should
take it seriously
and you should
take the Bible
seriously
and everything
that's there.

One of the best
cures for
everything
is
listening to
the Bible
because if you're
not
essentially
you're
listening to
something else
which is
most likely
from the dark

side

and it's

drawing you

into

either idle

talk

idle thinking

or worse.

And so you might

not think

talking about

the weather

is such a big

deal

but while you're

talking about

the weather

you're not

talking about

or thinking about

something that's

more important.

And so the dark

side

tries to waste

your time

tries to
tire you out
wear you out
and
essentially
render you
unproductive.

And so we
should always be
doing something
moving forward
with our
ministry
and all of us
should be
getting into
the ministry
business
if you will
preaching
trying to get
people saved
talking about
the gospels
and it seems
so old school

but there is
no improving
on this
methodology.

But understanding
the Bible
fully
and the
repercussions
of
transgression
will
essentially
help you
stay away
from trouble
and survive
what's coming
next.

But at the
core of
telekinetics
and casting
out demons
and fighting
the dark

side
and doing
everything
that
we're going
to talk
about
in future
podcasts
really requires
a commitment
to your
faith.
it's a
vocation
it's a
way of
life
you have
to eat
sleep
and breathe
the Bible
pretty much
all day
long.

So it's
tough
it really
is tough
but it's
the most
interesting
vocation
out there
with many
promises
to say
the least.
doing good
is its
own
reward.
If you're
subscribing
to
Christianity
just for
the reward
then
it's
kind of

like
not the
best
motivation.

The best
motivation
is being
pleasing
to our
creator
and
overcoming
evil
with good.

Now
sometimes
overcoming
evil
requires
bringing out
a hammer
or a
bazooka
and it's
biblical
to say

the least.

Everything

that we're

talking about

is biblical.

We constantly

have this

debate

should we

be doing

this?

Should we

be talking

about it?

Should we

be teaching

people about

this?

And

it's all

in scripture.

We're going

to get

into

more

precise

examples

and future

podcasts.

Right now

we're just

kind of

doing this

from the

wilderness.

So

you know

I don't

have a

bible in

front of

me even

though I

should

to quote

you all

the different

passages

that justify

this way

of thinking

but

you know
when I
try to
step away
you know
scripture
basically
jumps out
at me
and says
you know
stay the
course.
and so
as ugly
as it
is
as
divisive
as it
is
to a
certain
extent
it's
absolutely

100%
scriptural
and so
sometimes
you have
to bring
out a
hammer
sometimes
you have
to bring
out a
bazooka
and
you have
to destroy
this enemy
that's what
we're called
to do
and again
at the
core
of the
ministry
of Jesus

was
attacking
the dark
side
casting
out
demons
there
isn't
much
description
beyond
that
but
you can
imagine
what
Jesus
thought
of the
dark
side
when he
came to
preach
in the

holy land
2000 years
ago
it was
to people
of faith
he wasn't
really dealing
with
degenerates
for the
most part
and the
degenerates
that he
did
confront
basically
he said
their dogs
turned over
the tables
kicked them
out of
the temple
he basically

cursed the
wicked
generations
and
damned
all those
that
went against
the gospels
or preaching
of the
gospels
so it's
not all
peace and
love
it really
isn't
but at
the core
I mean
that's the
way we
should be
and if
we were

all in
a perfect
society
we would
all be
peace and
love
there would
be no
reason to
you know
get upset
at what
we're seeing
and so
we'll talk
about all
of that
in more
detail
in a
future
podcast
but rest
assured
what we're

talking about
is all
based
on scripture
just waiting
for you to
discover it
for yourself
if you took
the time
to read it
and understand
it
and that
seems to be
the problem
you know
a lot of
people are
kind of
indoctrinated
into
mainstream
romanized
religion
and

you know
the sole
purpose of
religion
really
all religion
mainstream
pretty much
every church
that you've
ever gone
to
is to
separate
you
from the
almighty
and that's
something that
you really
have to think
about
you should
almost write
that down
every

church

every

religion

it's

main attempt

is to

separate

you

from

the

almighty

and

Jesus

never

tried

to do

that

you know

one of

the

disciples

asked him

you know

can I

sit on

your right

hand
or your
left
hand
in the
kingdom
and Jesus
said
that's
not for
me
to
decide
wait
a second
why
would he
say
that
so
we're
going to
get into
that
it's
really

touchy
and
difficult
because
you know
we're
confronted
by
what's
essentially
romanized
cocktails
that have
traveled
through
time
that are
trying to
essentially
get us
into sun
worship
you know
the roman
empire
was basically

huge
in the sun
worship
we're not
going to
invoke
the names
that they
were
worshiping
back
then
but
essentially
you know
sun
worship
s-u-n
worship
and its
corresponding
you know
figure
was
at the
center

of roman
society
and
so that
influence
has
essentially
been
injected
into
into
into
the gospel
of john
and
some of
the letters
of paul
but
one thing
that you
have to
kind of
keep in
mind
and this

is going
to be
a little
you know
ahead of
the curve
for some
people
is that
the further
you go
in the
bible
the more
liberal
it becomes
that doesn't
mean that
it's
liberal
but it
becomes
more liberal
compared to
the first
five books

of
the bible
and
you know
when it
comes to
faith
the older
the better
that doesn't
mean that you
want to
ignore
anything in
the new
testament
but you
really want
to pay
attention
and
use
critical
thinking
or
discernment

but
basically
having
a mental
map
of everything
that's in
the bible
is really
important
when you're
making
discernment
and putting
it all
together
and connecting
the dots
and coming
to conclusions
and then
applying those
conclusions
by manifesting
them into
the real

world
especially
in the
context
of
spiritual
warfare
and that's
why we're
going to
keep coming
back to
the bible
not because
you know
we want to
preach
it's because
you know
if you're
signing up
for jedi
training
if you
want to
engage

in spiritual
warfare
then
your main
weapon
is faith
and it's
not just
general
faith
it's
complete
faith
and so
you really
have to
know
everything
that there
is to
know
in the
bible
but casting
out demons
essentially

is
a directive
you identify
the demon
you speak
to it
and you
command it
to go
now some
are more
difficult
than others
and in this
day and age
many of them
are
battle
hardened
the disciples
asked jesus
why couldn't
we cast
out this
particular
demon

and jesus
responded by
saying
it takes
a lot of
prayer and
fasting
but when he
did it
it was
instantaneous
we don't
have the
impression
that he
was fasting
for weeks
or that
he was
saying a lot
of prayers
before the
demon would
come out
what jesus
is talking

about is
he already
had that
in his
resume
and it's
that experience
that allowed
him basically
to point at
the demon
and say
go
come out
of him
but jesus
gives us
the model
the words
to use
and it's
basically
come out
of him
unclean
spirit

come out
of him
deaf
and dumb
spirit
and never
return
of course
as christians
we like to
add
in the name
of jesus
come out
of him
and so
it's essentially
a command
like you're
commanding a
dog
go
but it
takes
a certain
experience

set
already in
your resume
to have
that authority
it's not
just
you snap
your fingers
and it's
done
the disciples
found that
out
of course
jesus tells us
that we have
to believe
and we cannot
doubt
and so
in this
spiritual war
demons
will try
to cast

doubt
as you're
performing
what you're
supposed to be
performing
and so
attacks are
going to come
in all
directions
you're going
to get
afraid
or you're
going to get
scared
you're going
to have
doubt
it's not
working
and so
you really
have to
overcome

all of that
and sometimes
you know
you're just
kind of like
surrounded
and you don't
even see it
and so
you basically
have to
clear the
stage
before you
can focus
on your
next target
and clearing
the stage
basically
requires
seeing the
enemy
and seeing
the enemy
requires

basically
going through
your own
personal apocalypse
it's almost
like a
near-death
experience
but once
you've been
able to
see beyond
the veil
then these
things become
more
obvious
they're like
just outside
the visible
spectrum of
light
and so
you basically
see an
outline of

them
for the
most part
sometimes
you'll see
them in
color
but
for the
most part
you'll just
see an
outline of
them
some kind
of
aberration
and usually
in dark
places
but
the commands
are right
there in
the New
Testament

it's the
first miracle
performed by
Jesus
it's
the type
of miracle
that really
made him
stand out
among other
things
and it
brings attention
to this
war against
the dark
side
and this
is why
you know
all the
proxies of
the dark
side were
trying to

get him
because
he was
bringing
out
the truth
into the
open
and I
think that
was one
of the
main
messages
of his
ministry
and so
wherever
Jesus
went he
was attacking
the dark
side
by casting
out
devils

perhaps he
was doing
other things
too but it
just wouldn't
have come
out
in a way
that people
would understand
and it
might have
you know
kind of
distracted
people from
the overall
message
but what
we've learned
to discover
is that
there's
definitely
other tools
at our

disposal
that we
can use
against this
dark
side
and so
you know
the more
clearly we
define
you know
these
demons
and these
devils
the better
it is
but the
Old Testament
basically
describes
people
whoring
around
with

spirits
in the
trees
and spirits
you know
just about
everywhere
they could
find them
and they're
referred to
as devils
by the
Almighty
and
so
you know
we kind
of use
the term
interchangeably
demons
and devils
and when
people think
of the

devil
they think
of
you know
the devil
but
essentially
it's like
dealing with
a virus
and that's
what we're
up against
so
it's
everywhere
and these
things are
conscious
and they
attack
and
they go
from the
small
scale

to the
huge
absolutely
huge
scale
we're
talking
about
you know
something
that's
probably
like the
size
of a
nickel
or something
all the
way up
to the
size
of a
galaxy
and these
things
just kind

of like

come together

as a

super

storm

and they

form

demons

or you

know

let's just

say

super

storms

you know

of every

size

in between

you know

the size

of a

nickel

and the

size

of a

galaxy

so the
bigger they
are
the more
you know
demonic
subcomponents
are in
them
kind of
like a
transformer
if you
will
how the
transformers
would come
together
and make
like a
bigger
transformer
or
maybe that's
Voltron
thinking about

80s you know
cartoons and the
like but
essentially we're
dealing with
something like
that and
hopefully you
get to the
point where
you can break
these things
apart and
then start
chasing after
their subcomponents
it's kind of
like you know
routing the
enemy but
you know
that's that's
way probably
down the
timeline to
say the

least but
essentially that's
kind of like what
we're up against
but people can
have like a
bunch of these
little nickel
sized demons
within them and
sometimes you can
see them on your
skin maybe you've
already seen a
face on your
skin at one
point in time
like you know
what is that
that's freaky man
what is it
no it's exactly
what you think
it is we'll
leave it there
for this podcast

appreciate everybody

tuning in until

the next time

if you're

listening to

this you are

the resistance

the next one

listen

oh

folks

Thank you.
