

THE TWILIGHT ZONE (EPISODE 24)

Welcome back to Jedi Training. The title of this podcast is Entering the Twilight Zone.

The Twilight Zone essentially is something that we've talked about in previous broadcasts with the general public.

It is your ticket to the fifth dimension, your ticket to the second heaven, where the battle is, where the war is at, for the most part.

Not exclusively, but to a large extent. It's the enemy territory.

And, of course, this is controversial in Christian circles because it's looked at as remote viewing or as the sixth sense or as something that's new age and obviously taboo.

Scripture talks about people having experiences that were like out of their body.

Paul says he knew a guy, whether in the body or out of the body, he did not know.

That ascended to the third heaven.

Now, there's a lot of talk about people having visions and going places in scripture as well.

And there are many examples of this.

We feel that it is scriptural, but it's being used by both sides in this war.

This ability of the mind to travel is something that is natural.

It's something that's hardwired into our physiology.

When you close your eyes and you go to sleep and you have these lucid dreams, it just shows you what's capable, what your mind is capable of seeing with your eyes closed.

There's a lot of hardware there that can produce images that is lifelike, to say the least.

It's essentially this hardware that we exploit in telekinetics.

Whether it's the right thing to do or not is something that you should always be asking yourself.

Is it right to fight in this war?

Or should we just be wiped out?

Should Christianity be wiped out?

Should we just let it be taken out by the dark side?

Should we not defend what is good?

No matter the cost.

These are the types of questions that you have to ask yourself.

I'm never going to say that war is really a good thing.

But at times it is necessary when we're confronted with this type of evil.

But it's fair to have this debate at all times.

And it's fair to ask questions.

And it's fair to debate whether you want to participate in this.

I feel that this is something that we're meant to do.

Jesus told us that we could do many things.

And the parable of the fig tree where he basically told the fig tree to wither away and die.

Was there for us to learn from.

Now this isn't the main focus of the ministry.

But it is something that's included.

And we're supposed to think about this.

He told us that we could move mountains if we wanted to.

Quite literally.

Sometimes it takes time.

But.

If you reach that level.

If you reach a certain level.

Then.

You can do things that you normally wouldn't be able to do.

Faith is the ultimate gateway.

But.

In any case.

While this isn't.

You know.

The.

Regular part of.

The Christian ministry in a sense.

This isn't what normal Christians are.

Into.

When you look at the earthly ministry of Jesus.

It was.

It was all about the supernatural.

It wasn't just about.

Normal things.

I mean.

They did normal things.

But.

They did a lot of supernatural things.

And while most of them were.

You know.

Positive miracles.

Healing the sick.

Casting out demons.

Freeing people from.

The torment.

Associated with sin.

Obviously.

The idea of casting out.

Devils.

Is like.

An act of war.

You know.

You're throwing them out.

You're.

You're depriving them of their.

Food supply.

And that's probably the best way to look at.

The relationship.

It's a.

Symbiotic.

Parasitic.

Relationship.

Between.

Demons and.

Their host.

But.

The idea of casting out demons.

Was basically.

One of the.

Center points of the ministry.

And it was the first recorded miracle.

In.

In the gospels.

In the gospel of Mark.

It's an important part of.

What they were doing.

And.

And it basically brought the war.

Out into the open.

That there is a war.

That there is a conflict.

Between the dark side.

And the kingdom of heaven.

And so.

This is.

Part of.

What we should be doing.

In a sense.

But it is very dangerous.

Crossing through this door.

Is like taking the red pill.

There is no going back.

And.

So you have to be prepared.

And we have been trying to prepare you for this.

But there is nothing like experience.

There is nothing like.

The pressure of.

Being in a war zone.

To make you mature.

And.

To help you grow.

But.

Essentially.

It is like pushing you into the deep end.

Knowing that you can't really swim.

In this type of water.

So it is.

A difficult kind of thing.

It is the way.

You know.

Most of us.

Learn.

Not by choice.

But.

By.

Trying to survive.

Something sparks in you.

When that pressure.

Of trying to survive.

Hits you.

But.

We are going to coach you through.

Basically.

Your entry.

Into the twilight zone.

And we are going to be talking more about this.

We will do a few more.

Podcasts on this.

In.

In the near future.

Coaching you on what to do.

What to look for.

How to do it.

And.

Look.

Seeing is believing.

At this stage.

I don't blame.

Any one of you.

For being skeptics.

But essentially.

You have to remember.

That doubt.

And disbelief.

Is what chains people.

On to the ground floor.

And keeps them.

In.

You know.

The normal.

Kind of mode.

And so.

Being a Jedi.

In a sense.

Isn't about being a normal.

Kind of.

Person.

It's about being a supernatural.

Person.

Defending what matters most.

And so.

Hopefully.

You've.

Considered everything that we've said.

Thus far.

In this series.

And.

After you've.

Dedicated yourself.

Through a covenant.

And have.

Essentially.

Agreed to.

Not only carry your cross.

But.

To carry.

A representation.

Of.

That covenant.

Then.

Basically.

The next step.

Is.

To enter the twilight zone.

Again.

Seeing it for yourself.

Is really.

Where it's at.

Now.

The aim of telekinetics.

Is basically.

Making a.

Target list.

Of fig trees.

To wipe out.

It's a war.

It's a war of annihilation.

I'm not going to hide it from you.

I'm not saying it's a good thing.

But.

It is what it is.

But it takes a certain.

You know.

Type of character.

To.

To.

To.

Excel at this.

Because it requires discernment.

And the wicked will not be justified.

And so.

You really have to know the difference between good and evil.

In a sense.

And understand that.

What you're targeting is.

Evil.

And you will only target evil.

And essentially that is.

You know.

At the core of.

What this is about.

This is a war.

We target evil.

It is what it is.

We do it through telekinetics.

As far as we know.

There isn't a law against that.

Secularly.

But.

That doesn't mean that you're okay.

Because they will come after you.

Guaranteed.

100%.

110%.

120%.

150%.

And.

Their goal is basically going to.

Be to smoke you out.

Flush you out.

Deprive you of everything.

And basically.

You know.

Erase you.

And so.

You basically have to position yourself.

To survive.

And this is what we've been talking about.

But now it's time to basically get into.

To you.

Some of the things that will.

Change your life.

It's like taking the red pill.

I'm not going to hide it from you.

You can't go back.

It is what it is.

But.

You have the satisfaction of doing something that.

That matters.

And the more people that we have on the wall.

The more watchmen on the wall.

The better it is.

That's what this is about too.

And so.

What you'll discover is that.

Entering the twilight zone.

Or.

Conducting a campaign of telekinetics.

Is.

You know.

Is kind of tough.

And.

30 minutes.

One hour.

Is basically all you're going to be able to do.

For the most part.

Maybe you can do a.

You know.

A marathon session.

But for the most part.

You know.

After a while.

You know.

Half hour.

One hour.

Is basically as far as you really want to go.

So.

And.

You know.

That's why.

You know.

Look.

There's 24 hours a day.

And.

It's a big universe out there.

So.

The more people we have.

Basically manning.

The towers.

The better.

And that's what this is about.

Now.

But it is a crash course in telekinetics.

And it's not going to be pretty.

It's like trying to teach you how to fly.

Through a podcast.

And.

Well.

Good luck.

You know.

We can try to describe the.

The joystick.

And we can.

Try to describe.

You know.

The.

You know.

The gauges.

And the meters.

And all that stuff.

And.

You know.

And we can put you on a simulator.

But.

You know.

Jumping in the plane.

You know.

Learning how to fly from a podcast.

It's probably not the most recommended thing in the world.

But.

This is.

What it is.

And.

We're going to coach you through it.

But.

You have to understand.

That.

This isn't some kind of.

Game.

Or some kind of joke.

This is beyond real.

And.

Like I said.

You know.

I don't blame anyone for being a skeptic out there.

But.

If you're a.

You know.

A true believer.

A real Christian.

And.

You know.

You enter the twilight zone.

Through Jedi training.

You know.

You're.

You're.

You're.

You're in for a crash course on.

How to survive.

So.

Be prepared.

You know.

If your situation is kind of fragile right now.

And it's not going to take a whole lot.

To.

Make you homeless.

And disappear.

Then.

This probably isn't for you.

Just yet.

But.

This is definitely going to be the most entertaining.

Anything that you've ever.

Experienced.

By far.

Intellectually.

So.

The twilight zone.

What is it?

So.

The twilight zone.

Essentially.

Is the idea of.

Entering into another dimension.

Visually.

This is not an out of body experience.

We don't.

Want people to try and project.

Themselves.

Physically.

Or spiritually.

In a different.

In a different.

Place.

Generally.

Speaking.

That would be.

Unwise.

The idea.

Is to see.

And then to project.

Into that location.

So.

There's a difference between.

You know.

People having an out of body experience.

And what we're trying to do.

We're not trying to leave our bodies.

Okay.

We are trying to see.

The target.

And hit the target.

We're trying to see the fig tree.

And destroy the fig tree.

Remotely.

And there are many ways.

Of doing this.

But.

Essentially.

All of.

The ways.

Of doing this.

Kind of come back.

To.

This.

In a way.

Now.

We've talked about other forms.

Of.

Telekinetics.

You know.

The scripture talks about.

Blessings.

And curses.

You know.

There's all sorts of different types of miracles.

And.

You know.

We.

We want to focus on the positive stuff.

As.

Normal Christians.

But.

We also want to think about.

Wartime strategies.

In times like these.

And so.

Any type of.

You know.

Help.

That we can get from scripture.

Is going to be.

Useful.

In this.

Setting.

So.

We're going to go based on.

What we've learned through.

Fighting.

What we've learned from fighting this evil.

Based on.

Scripture.

That this is a spiritual war.
And that we're fighting evil from.
Heavenly places.
Is.
So.
Let us.
First.
Describe to you.
What we're.
Getting ourselves into.
The twilight zone.
Again.
Is like.
Is like.
The middle heaven.
The second heaven.
Beyond the veil.
But.
It's also like.
A super highway.
To.
Just about any destination.
Back in the physical world.
So behind the veil.
Is the spiritual world.
And it comes.

From that world.

Into.

Our world.

And so.

Essentially.

We can.

Hack this matrix.

If you will.

By.

Going through.

This door.

Into the twilight zone.

Into.

The second heaven.

Or the.

Fifth dimension.

And then come out.

The other side.

At a given location.

And so.

This happens.

Basically.

Seamlessly.

Naturally.

Your mind.

Is wired.

To do this.

So.

There's no brain implants.

Required.

And.

Nothing else.

Is required.

As a beginner.

But.

You can apply.

What you've learned.

From this.

To other things.

That we'll talk about.

In the future.

Here.

But.

Entering the twilight zone.

Essentially.

Is.

Is.

The first step.

To.

Acquiring targets.

And.

Hitting targets.

Now.

Now.

Just kind of want to backtrack.

A little bit.

It's important to.

Have some kind of experience.

Hitting targets.

In the local area.

Before you try to hit targets.

In the twilight zone.

So.

We could probably do a few more podcasts.

On.

All of that.

Before we really talk about.

What's beyond this door.

And.

You know.

We've talked about.

How.

Essentially.

How all the bones in your body.

Are like an antenna.

They're made of.

Calcium.

Which is a metal.

A conductor.

And.

They're wired.

By.

Neurons.

Which.

Works on.

An electric.

Principle.

And so.

It's essentially.

Like a biological.

Electrical.

Electrical system.

Your nervous system.

Is like a biological.

Electrical system.

It works based on.

Ion potentials.

And.

It's just a different way.

Of carrying a current.

From one end.

To another.

So.

If you think about.

The standard antenna.

That you see like.

On top of a house.

It's got the metal part.

And then it's got the wiring.

And then that goes to.

Like.

A television or something.

Or a cable box.

Or whatever.

And so.

Essentially.

If you think about your hand.

Like.

An antenna.

A real flexible kind of.

Mobile antenna.

A smart antenna.

A smart antenna.

That's wired.

Biologically.

Straight to.

Your supercomputer.

Your brain.

That kind of gives you a beginning of.

Where we're at.

In terms of.

Telekinetics.

We recognize that.

Our appendages.

Can do a lot more than just.

Drive a car.

Or play with a phone.

And I think we're going to have to do a visual.

Broadcast on this.

This will probably be the next.

Broadcast that we do.

In the series.

Hopefully tomorrow.

We've been really.

Busy trying to.

Boost our shielding.

The past few days.

So.

Kind of behind here.

But.

We'll have to do a visual presentation.

We already have some videos.

Kind of.

Set up.

That kind of give you an idea of what.

Telekinetics can be like.

On the local level.

With your hands.

With your eyes open.

But essentially.

You know.

You can beam people.

You know.

With your pointer finger.

With your hand.

With your eyes.

You can project.

Energy.

Through your antennas.

And.

You know.

There's a lot to learn from that.

Because.

Essentially.

It's.

It's this skill.

That you will be using to.

Target.

The enemy.

In the fifth dimension.

And in.

Other places.

But.

Kind of felt like.

Talking about the twilight zone.

Today.

For some reason.

So.

In theory.

We're kind of jumping the gun.

This is the first time.

We've you know.

Put this all together.

But.

In theory.

We're kind of jumping the gun.

We've already talked about this.

But I think we could talk about it some more.

And.

There are definitely some exercises.

That you can do.

To basically.

You know.

Help you.

Grow.

In that area.

And.

That's where things like.

You know.

Tai Chi.

Can be helpful.

Where you can actually feel the energy.

Going through your hands.

And.

You know.

We've talked about martial arts.

Essentially being.

More or less.

A skill of the dark side.

Attached to.

Pagan religions.

And so.

They tend to go hand in hand.

And.

And.

And.

Martial arts is basically used as.

A vector for.

Pagan religions.

So.

It's really tough to recommend.

You know.

Doing martial arts.

From a Christian perspective.

But.

You should learn how to defend yourself.

And you should learn.

What your body is really capable of.

And.

You know.

Learning from.

You know.

Authentic.

People.

Is.

Usually a lot better than.

Trying to learn from.

You know.

YouTube or.

The YMCA.

Or something.

But.

Some people will have experience in this.

Some people won't.

But.

It's definitely something that you should.

Experience.

As well.

So.

I kind of feel like we're getting sidetracked.

And we're.

Going backwards and not forwards here.

But.

Like I said.

We'll.

We'll follow up with another podcast on.

Local area.

Telekinetics.

But essentially entering the twilight zone.

Is.

Where.

Things get interesting.

Once you've acquired the skills of.

Local warfare.

Then.

You can apply those skills to.

A bigger theater.

And so.

Now that I think about it.

I really feel like we should have done.

The other podcast first.

But.

We'll follow up with this.

Because.

There's a lot to talk about.

So.

At this stage.

What I would say is.

Don't enter the twilight zone just yet.

Unless you really feel like.

You know.

You've been doing this for a while.

And you've already.

Stumbled upon.

Telekinetics yourself.

And you feel like you're ready.

For something a little more challenging.

But otherwise.

We're going to say.

Look.

Just.

Pay attention to the concept.

We'll come back to this later.

As we.

Build up your other skills.

But again.

I mean.

You really have to be prepared.

Mentally.

And physically.

And spiritually.

For.

What's beyond this door.

Any case.

The twilight zone.

Is.

Is.

Something like this.

When you have your eyes wide open.

You're looking at.

The physical world.

You're looking at.

The visible world.

When you have your eyes closed.

You now.

Look at.

The invisible world.

You don't see it yet.

But.

Essentially.

That's.

The first step.

Towards seeing.

What's in the.

Invisible.

It's with your eyes closed.

Now.

Once you start seeing this.

In the invisible world.

They start coming into your visible world.

So this is where it becomes problematic.

And.

Basically.

A full time.

Occupation.

And again.

You know.

Believing.

At this stage.

Is.

Difficult.

It's okay to be a skeptic.

But.

Once you see it for yourself.

You'll be.

Wishing that we had done.

A lot more prep work.

Before getting you there.

But I'm sure some of you are.

Getting impatient.

And we all know what.

Happens when people get impatient.

Let you think about that.

But essentially our.

Aim here is to.

See.

The invisible enemy.

The enemy for the most part is invisible.

Unless you draw them out.

Into.

The visible world.

And that's what.

You know.

Casting out.

Demons and devils is.

Doing.

As well.

It's bringing.

The invisible enemy.

Into the visible.

Now every army uses camouflage.

This army especially.

The army of darkness.

They don't like.

Being seen.

They don't like you talking about them.

Etc.

Etc.

So.

Seeing them.

Is.

An acquired skill.

Targeting them.

Is another acquired skill.

And.

And.

Hopefully.

You can.

See the logic here.

You can't hit an enemy.

That you can't see.

So we have to see the enemy.

But.

Right now.

You probably can't hit anything.

So.

You know.

Seeing them.

Will just.

Bring them to you.

And you won't really be able to.

Defend yourself.

But.

It's that pressure.

That will make you.

Want to.

Defend yourself.

And.

You'll only have two things.

Basically.

At your disposal.

Prayer.

And.

Telekinetics.

And.

So.

In my experience.

We're supposed to either sink or swim.

Now.

Obviously.

You know.

Entering this door.

Is asking for trouble.

That's why we're.

You know.

Talking about it.

We want to be fair.

And not.

Doom you.

Without due cause.

And so.

That's why we say.

You know.

Just.

Listen to the concept.

Let it kind of.

You know.

Simmer.

We'll.

Build up your other skills.

And then come back to this.

But essentially.

The idea of.

Entering the twilight zone.

Is.

Harnessing your.

Hardwired.

Capabilities.

Of.

Visual perceptions.

Like.

In a lucid dream.

In a wakeful state.

So.

Imagine.

You know.

You could actually.

Have.

A dream.

In a wakeful state.

Now.

Obviously.

That might.

Sound.

Disturbing.

Right.

What does that mean.

Exactly.

Are you hallucinating?

Are you seeing things that aren't there?

Do you ever ask yourself the question.

You know.

Was that dream real?

Where was it?

Who were those people?

People.

It almost seems like you went somewhere.

Now.

You know.

If you talk to somebody about a lucid dream.

They're certainly not going to say.

Oh.

Well.

You're.

You're hallucinating.

But.

If you have a lucid dream.

While you're awake.

You know.

People might say.

Well.

You know.

What is.

What is that exactly?

Now.

Entering the twilight zone.

Isn't exactly like having a lucid dream.

It is essentially using.

The capacity of the mind.

To augment reality.

So that you can see things.

That aren't really there.

Physically.

In front of you.

Try not to laugh here.

But.

Sometimes the dark humor just.

Tends to be counterproductive.

So.

What I'm trying to say here is that.

We're using.

The hardware.

That.

Allows us to have lucid dreams.

And we're bringing that into our wakeful state.

To see things.

That aren't.

There.

In front of us.

But they're there somewhere.

Now.

You can go places that you know.

And you can go places that.

You don't know.

Like sometimes a dream will be at a place that you know.

And sometimes it'll be a place that you've never been before.

You can't even imagine.

Imagining a place like that.

So you really have to wonder.

Where does that.

Scene.

Come from.

Exactly.

But.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

Exactly.

But.

Essentially we're trying to merge.

The capacity of.

The lucid.

Dreaming mind.

Into.

The wakeful mind.

The wakeful mind.

The wakeful mind.

The wakeful mind.

To do that.

You basically have to be in.

In between.

Now look.

Entering the twilight zone isn't.

Where.

All of the action is at.

But it's a skill that can be very helpful

You can be in a place

And feel like you're being attacked

And you look around and you don't see anything

But you close your eyes after you've been into the twilight zone

And you see exactly what's there

In all directions

And so again

You'll have to see this for yourself

But essentially

At all times there are things lingering around you

That are not visible physically

But they're there

Looking at you anyways

We're getting a lot of interference from the matrix

I know they don't like this

So we better hurry it up

We're not doing the podcast from our usual location

And so we're at the studio right now

And it's a heavily compromised environment

So the idea is that

Is that the twilight zone is

Essentially a state of mind that is in between

Being awake and being asleep

It's like

Before you fall asleep

At least before you would fall asleep

Without a television

Sometimes you would catch yourself in bed

Because you think you're falling off of it

But you're not

You're going somewhere

And it's this

Little window

Of opportunity

That we can exploit

And not just exploit

But use it to train

This is really more about training

Than it is about

Exploitation at this stage

But here's the scene

You're in a sensory deprived

Environment

Like laying in your bed

In a fairly dark room

The darker the better

But pitch black

Sometimes is a little scary

So

It has to be an environment

Where you know

There's not

You know

People yelling

And cars honking

And you know

Helicopters flying overhead

Or stuff like that

Right

So

It's not everybody

That can have

An environment like that

If you have a real

You know

Disturbing environment

Then sometimes you have to seek

You know

A more peaceful environment

So

Maybe you have a camper

Maybe you have a

Van or something

You can go out

Into

Nature

Now again

We don't recommend

That people

Do this at night

In the wilderness

Because

You could disappear

But

Essentially

You need a

You need a real

Calm

Protected environment

And

EMF protection

Will become

Handy

Because they will do

Everything they can

To stop you from

Entering the twilight zone

Again

This is ultra serious

You know

You can laugh at it

Or

You know

Roll your eyes at this

You know

All you want

You do this

It's like taking the red pill

You know

We shouldn't sell it like that

Because

Obviously

We're scaring people away

But

I feel it's better

To be honest

Any case

You're in a sensory

Deprived environment

Your lights are off

It's pretty dark

You're in the bed

No television

No nothing

You find a way to play

The gospels

Or scripture

In audio

Faith comes from the spoken word

The spoken word is very powerful

And

Essentially

It's what

Will lead you to

The sword of the spirit

So go back to

Ephesians chapter 6

And

Think about that

But

You want to play

Scripture

In audio

You want to lay down

Close your eyes

And wait for

The ambient bleaching

To fade away

Because normally

You know

You're going to have

Some kind of residual images

From

Your environment

The lights

Etc

Etc

So you're just

Sitting there

Laying there

Eyes closed

In a dark room

Just

You and

The gospels

You and scripture

And now

The big challenge

Is

Not falling asleep

Because

Before you know it

You'll wake up

It'll be two hours later

And

You won't realize

What happened

So this is real typical
You're going to get
All sorts of demonic interference
Including
The spirit of slumber
Hits you
When you're trying to
Listen to scripture
Or read scripture
I mean you can watch
A movie
Or a game
Till like
Two in the morning
No problem
But
You try to listen to scripture
Boom
The demons hit you
Sleep you go
So
Now you have to try
And not fall asleep
And actually
Pay attention
And listen

And have it soak in

And then

What I want you to do

Is I want you to picture

In your mind

Some place

That you've been to before

Like

You know

Some place

That's kind of

You know

Twisted

Maybe it's New York

Maybe it's

California

Maybe it's

You know

Downtown

Big city

Place that you know

And I want you to visualize

That area

I want you to visualize

The landmarks

The

The skyscrapers

The

The skyline

I want you to visualize

Something that you're familiar with

Until you can

See the outline

Of that

Location

Show up

On your screen

Now what do I mean

By that

You know

Generally speaking

Back in the days

When we would watch a movie

We would

You know

Use an old school projector

And it would

Project to a white screen

And

You know

It's that contrast

Between the image

And the white screen
That allows you to see
The movie
Basically
Shows up
You know
Real nice
On a white screen
But when you close your eyes
You know
In the dark
You don't really have a white screen
You have
A black screen
But that is your
Display
If you will
When you dream
That's basically where it shows up
Is
On that screen
Except that it's
Totally
You know
In living color
So

You're laying there
You're listening to the gospels
And you're trying to
Picture
A location
And it can be any location
That you want
I mean maybe you
Feel
You know
More comfortable
Thinking about something
You know
Closer to home
A nice
You know
A little park
Or a lake
That you go to
But try to
Imagine
The landscape
And eventually
If you do this right
You'll start seeing an outline
Of that location

You may even see it

In

In color

Now you have to

Differentiate a memory

From

Visual

Visualizing

A location

So you can remember

A place

And

Kind of be there

In color

But here we're trying to

See that location

On our screen

And generally what happens

Is that

It begins with an outline

You see like

Kind of like a gold

Outline

Of

That location

That's basically

You know
How it begins
But chances are
That
As you do that
All of a sudden
You're going to start seeing
What looks like
The faint outline
Of eyes
Looking at you
And so this is basically
The first
Step
Into
Entering the twilight zone
So if you do that
Say for about
20 minutes
You know
That's
Probably seems like
A long time
You know
If you lay in bed
And you're listening

To the gospels

And

You know

You basically

Have to

Transition your brain waves

From wakeful

Towards sleeping

A little bit

Not totally

But you know

You gotta get relaxed

You know

And you can't really be

You know

Super attached

To

Your physical environment

That's why

Sensory deprivation

Is

You know

Is a must

If you're

You know

Being reminded that

You know

You're getting a message

The phone is ringing

The dogs are barking

You know

The kids are screaming

The wife is

You know

Yelling

You know

The neighbors are

You know

Having it out

Or whatever

You know

Obviously

You know

You're just gonna be

Stuck

In

A super wakeful

Kind of state of mind

But

As you begin to drift

Towards

You know

Being relaxed

And

As you're soaking

In the gospels

And as you're

Visualizing

A location

You're gonna find

That you're gonna

You're gonna see

That you're going

To experience

Interference

And

You may start

Seeing the outline

And then it starts

Fading out

And you'll have

Basically

What looks like

A faint outline

Of eyes looking at you

And these eyes can

You know

Look

A million different ways
But essentially
What you're looking for
Is
That
And
That's as far
As we can really
Take it
Without
Boosting your
Other skills
At this stage
Trying to
Coach you
Into
Other experiments
If you will
Or coach you
Through other experiments
Will
Definitely
Be
Counterproductive
At this stage
Until we talk

About other things

Until we build up

Your

Understanding

Because otherwise

Doubt and disbelief

Will just

Basically

Keep you

On the ground floor

You're just going to be like

Eh

You know

I'd rather watch a movie

Play video games

Or do something else

So

Obviously

That isn't the right mindset

When it comes to

What we're trying to accomplish

So

Signing up for this fight

Is basically

Is basically

A full time

Occupation

And

It's not easy

So

Like I said

I wouldn't really

Go real far

With this just yet

Because

You know

When those eyes

Are looking at you

That means

They see you

And you see them

And they understand

What's going on

But you don't

Fully understand

What's going on yet

And so they basically

Have all the advantages

But you're definitely

Going to be showing up

On the radar

If you do that

I would just

Close with this reminder

If you're serious about

Jedi training

Then

Continue to prepare yourself

Spiritually

Physically

Physically

Mentally

Financially

For what's coming

So

Listen to scripture

Every day

And try to be

You know

The very best Christian

That you can be

Classically speaking

Be nice

Be charitable

You know

Don't break

The commandments

And

If you've read
You know
Deuteronomy
And
And Exodus
And the like
You would know
That
Making an image
Of the heavens above
Is forbidden
Lest
Some of the hosts
Of heaven
Come down
And worship it
Like the dark side
Will worship your
Images
Of the heavens above
Just
You know
Basically to
Accuse you
And so
We strongly

Advise

Not to be

Making images

Not only of the heavens above

But of

People

Or animals

We'll get more

Into that

In a future

Podcast

But it is

Forbidden

Don't be taking

Selfies of yourself

We

You know

We do videos

For educational

Purposes

Which

You know

According to

Religious scholars

Is

Okay

But

Essentially

It's

More or less

One of the most

Damned

You know

Activities

That you can do

So

Making images

Is

Basically

Strictly

Forbidden

And

You know

As you should

Be able to see

You know

We're using

An image

From the

Twilight Zone

We didn't

Make this

Image

But

We're

Certainly

You know

Using it

And so

You know

It is

The kind of

It's stuff like this

That you want to avoid

And you might be thinking

To yourself

You want to avoid

All of this

I would just say to you

That

There is no escaping

This war

That we find

Ourselves in

And

You may want to hide

You may want to run

You may want to

Self-censor

You may want to

Capitulate

Hoping that

You know

They'll forget about you

But

This system means to

Assimilate you

Spiritually and

Cybernetically

It means to dominate you

And to exterminate you

And so

It is

The darkness

It is

The emptiness

The thoughtlessness

They are

The disembodied souls

Of the damned

Haunting the living

They don't care

You know

If you capitulate

Or if you surrender
What they care about
Is
Killing what is alive
So we talked about
This in a previous
Podcast
It's part of their
Disease
It is the pathology
Of their disease
So
We'll have to leave it there
For this podcast
But
You know
Don't think you can
Escape this
You may not see
What's actually
Happening to you
Beyond the veil
But
All Christians
Are being attacked
By demons

They're being watched
By demons
And this is why
It seems like
Everybody around you
Is against you
They've been body
Snatched
Just being a Christian
Is enough
And so
You know
You may think
Like you know
You don't want to
Confront this door
You don't want to
Confront what's out there
It doesn't matter
What you want
These monsters
Are coming after
Everyone
And it's basically
Like
Some kind of

Zombie apocalypse

Spiritually speaking

And so

Look

From my point of view

I feel like

As many people

As we can get

Involved

The better

But

It is

You know

It is what it is

And that's why

We try and

You know

Sell it as

Basically like

Taking the red pill

And

You know

Your life is going

To change forever

So

Many are called

Few are chosen

You know

You're going to

Have to be brave

To fight this evil

And

You know

We can show you

The door

We can help you

Through it

But at the end

Of the day

You know

You have to

Make that decision

To

You know

Fight

Or to surrender

Appreciate everybody

Tuning in

Until the next time

If you're listening

To this

You are

The resistance

Once

Dan

You are

The windows

Of the day

So

You have to

To

The nokia

Of the time
