

THE CORE (EPISODE 34)

Welcome back to Jedi Training. The title of this podcast is The Core.

What distinguishes one person from another?

It's basically what they know in science, and I hate using that term, science.

It's basically half genetics, half environment.

But what distinguishes people in the modern world is basically what they know.

Doctors know some things, lawyers know other things, mechanics know other things, etc., etc.

And so, knowing is half the battle.

And that's what Jedi Training is all about, is to get you to know things,

to experience new ideas so that we can broaden your horizons and help you reach your full potential.

And we're not kidding when we say that you have potential out there as a Christian.

And, of course, in the spiritual war, our main focus is to drive out evil.

Like oil and water, or soap and dirty water, or something like that.

We're basically called to drive out evil in all its forms, from heresies to demonic entities.

And so that's the main focus of this series.

To get more people on the battlefield, to get more people on the battlefield,

and not just have them kind of sort of evangelizing, but staying in their corner.

We really want you out there like a Terminator, in a way.

A demonic Terminator.

Terminate all evil.

In legal ways.

We're obviously not saying go out there and erase people.

Physically.

In any case.

In this podcast, we're going to be talking about a phenomenon that is often referred to as the core.

First, we're going to introduce the idea, and then we're going to talk to you about how it applies to spiritual warfare.

So, science again is basically the observation of creation.

Science is politicized like many things these days, but old school science is all about observing, theorizing, and applying these ideas to the world.

And so one of the things that we encounter by observing creation is this phenomenon known as the core or the nucleus.

It seems like many things exhibit this idea.

And so, if it's a recurring theme, it's important.

It's important that we talk about it, that we think about it, and apply it in our war against evil.

So, what has a core?

An apple has a core.

The earth supposedly has a core.

Atoms have a core or a nucleus.

And many things in the artificial world have a core as well.

Computers have a core.

Just about everything has like a center point to it.

And it's this center point that is of interest in spiritual warfare.

And this idea can be thought about in many different ways.

But at the center of a phenomenon is its most important part.

That doesn't mean that other parts aren't important.

You take the human person, for example.

What's the core of the human person?

You would probably say the brain or the heart.

Or the soul.

But other parts of the body are important as well.

If we chop off an arm or something, you're not going to be happy.

Everything serves a purpose.

And everything is important.

But everything centers around a core.

And this is a key part of...

Or a key aspect to spiritual warfare.

Now, in a human cell, the core contains basically genetic information.

And this genetic information expresses every part of the organism.

So we're not going to spend a whole lot of time on genetic code.

But genetics is absolutely mind-blowing.

The sophistication of the programming language and what it does.

How it's packed into something that's basically microscopic.

But contains gigabytes of information.

Every human cell contains the complete genomic sequence that codes for every little thing in the body.

And determines hair color, eye color, sex, you name it.

And so, amazing programming in something that you can't even see with the naked eye.

Does it exist?

Yes, it exists.

And, you know, we'll have to do a genetics podcast in the near future.

But...

Experiments on genetics have been going on for hundreds of years.

Trying to figure out...

How things work.

So, we'll save that for a future podcast.

And...

Atoms...

Which is...

The building blocks of matter.

Everything is made of these Legos.

Called atoms.

Which are basically...

Protons...

Stacked...

One on top of another.

The more protons in the nucleus...

The different the element.

The heavier the element.

From hydrogen to...

The heaviest metals...

The heaviest metals...

Out there.

And we'll have to do...

A podcast on chemistry.

Because chemistry is very interesting.

As well.

And that's real.

I'm sure many people have done...

The baking soda and the vinegar...

Have done some kind of...

Chemistry experiments.

It's very interesting.

But...

Basically the difference between...

Hydrogen and helium is...

One proton or two protons.

And...

It's at the core.

It is the center.

It's what...

Basically...

Defines...

What we're looking at.

Again...

We'll do chemistry in another podcast.

But...

There's a reason why we're...

Basically...

Talking about this.

A lot of what's out there...

On the other side of the veil...

Basically...

Is a type of core...

That is...

Surrounded by a type of...

Energy cloud.

And the reason that this is...

Important...

Is because...

Basically...

This is the real enemy...

That needs to be...

Driven out.

So...

Basically...

All spiritual entities...

For the most part...

Exhibit this...

Core-like...

Phenomenon...

As well.

And so we're going to jump into stuff...

That's a little more advanced than...

Where we're really at.

But it's something that...

I want you to think about for the future.

It's something that you'll encounter...

Hopefully...

And...

You need to know how to deal with it.

So...

The Bible talks about...

Going to other worlds...

Spiritually.

And there are...

Several examples of this.

It's...

Something that happens in scripture...

But it's also something that...

Has been picked up on...

By science and...

Other religions.

And what science has discovered...

Is that...

The pineal gland...

Acts like some type of...

Third eye...

In a sense.

It has these...

Crystals in it.

Like a crystal radio.

Not sure how many people know...

What a crystal radio is.

Maybe you do.

Maybe you don't.

It was basically the first radio...

It was tuned with a crystal.

And...

It basically had no battery.

It just worked on radio waves...

Coming in through the crystal...

And out to a speaker.

In any case...

The pineal gland has something like that.

It has crystals that resonate...

And...

Pick up stuff...

In the universe.

And...

Universe is probably the wrong word.

We're probably talking about...

Some other...

Universe...

Or some other dimension...

That...

Somehow...

Is connected.

And that's another big kind of topic...

Is how...

Do they get here?

Exactly.

And it makes me think of the D-Wave...

Quantum computer...

Seminars.

Where they're like...

Oh, we're communicating with...

Some other world.

Some other universe.

That's a little more abstract.

But...

Essentially, there's...

Something that bridges...

The other universes...

That are out there.

And...

As far as we can tell...

Basically...

This universe...

This universe...

Was created by...

The spiritual world.

So like...

A whole other...

Universe...

Basically...

In any case...

There are enemies...

Lots of enemies...

The real enemy...

Is basically...

A spiritual entity...

In nature...

Which comes in...

Many forms...

Many forms...

And...

Controls...

What's happening...

Here...

Some people call it...

The devil...

Some people call it...

Demons...

But there's...

The spiritual force...

From a spiritual world...

That is...

Able to interact...

With this world...

And...

Actually come into this world...

On different levels...

Either fully visible...

Partially visible...

Or...

Totally invisible...

To the naked eye...

Should probably...

Write all that down...

In any case...

Sometimes you can see them...

In broad daylight...

Sometimes you have to go...

Hunting for them...

But...

The main purpose...

Of...

Jedi training...

Is to be able to...

Hunt these things...

In their own...

Domain...

To drive them out...

Not only from this world...

But to...

Make their world...

A nightmare...

All I can say...

Is that it's real...

And effective...

But yet...

The concept seems...

Way out there...

I mean...

You try to have a conversation...

Like this...

With somebody at...

You know...

The restaurant...

And...

It's not going places...

This is way beyond...

Casual conversation...

For most people...

But nonetheless...

This is what we're dealing with...

And on the other side...

Many of them...

Take on the form...

Of an eye...

And this is why we see...

The...

Eye...

On the back of the dollar bill...

And...

On all of the Illuminati...

Graffiti...

Basically...

On the other side of the veil...

As far as...

As far as...

The enemy is concerned...

They pretty much...

Take the form of something...

That looks like an eye...

Or something that looks like...

Saturn...

And this is...

Still kind of an enigma...

For me...

I'm just sharing...

You know...

Some highly sensitive intel with you...

But...

Essentially...

A lot of it looks like that...

Not exclusively...

Not exclusively...

But...

It's an important place to start...

It looks like...

An eye...

It looks like...

A cell...

It looks like...

Saturn...

And if you look at the...

The human eye...

Or...

Just about any eye...

You notice it has a pupil...

It has a core...

And again...

It's this...

Theme that we just see...

Recurring...

It's an important thing...

To take notice of...

In fact...

I mean...

The more you think about it...

The more you see it...

You know...

Eggs...

Sunny side up...

Right...

But it's basically like that...

Like...

A raw egg...

The outer shell...

Something in the middle...

And at the core...

We have something special...

So...

In any case...

Every other entity...

That you will experience...

Basically...

Either looks like an eye...

Or has eyes...

And...

Of course...

The eyes are...

Connected to the brain...

And...

That might seem obvious...

But...

The more you know about biology...

The more you can understand...

The logic of...

Creation...

And I think it's important...

To know everything that we can...

On basically every...

Subject that's out there...

And then apply it...

Focus it...

From the Christian perspective...

And...

The more you do that...

Basically the more...

You understand...

The world around you...

And...

Of course...

You can say...

The more you know...

The less you know...

But...

Before we get to...

That...

We'll go through what we know...

So...

The enemy basically exhibits...

This core-like...

Structure...

As well...

The idea of...

Telekinetics...

Is basically to...

Attack...

The enemy...

And to destroy the enemy...

As many as you can find...

And this may sound...

Like a lot of things...

But...

Essentially casting out devils...

Is...

Describing a process of...

Driving out evil...

So...

We have to think about this...

As a war...

Let's think of this as...

A classic confrontation...

Like World War II...

Or something...

And so...

You know...

What happens...

You know...

The enemy spreads...

The enemy invades...

The enemy takes over...

And then...

You know...

The people that...

Are on the other side of the equation...

Are basically like...

Okay...

Now we have to invade...

We have to attack...

And the only way to...

Win a war...

Is...

By annihilation...

Otherwise...

It just ends up like...

Something we've seen...

Recently...

In the news...

In fact...

We haven't really won a war...

Since World War II...

And that war was about...

Annihilation...

So...

Another thing that you have to remember...

Is that...

Demons basically...

Don't have a conscious...

Conscience...

They're conscious...

But they don't have a conscience...

So...

You know...

They're not going to show you any mercy...

They're...

Spreading like a virus...

So...

I mean...

This is a war...

Of annihilation...

Against...

Basically...

Ghosts from...

Outer space...

And the only way to fight...

Is...

With spiritual weapons...

That we've been hardwired with...

But have forgotten about...

I should really clip that...

And put that idea out there...

In any case...

This is about...

A war of annihilation...

Against a spiritual enemy...

And so eventually...

We're going to train you to...

Fight...

On the spiritual battlefield...

So...

That's what spiritual warfare...

Is really about...

Is fighting on...

The spiritual...

Battlefield...

But...

Way before you can get onto...

The spiritual battlefield...

You basically have to...

Fine tune your skills...

On the physical...

Battlefield...

And so...

Like our...

World War II...

Example...

You know...

The enemy has invaded us...

Now we need to drive them out...

And invade them...

And...

Annihilate them...

So...

You know...

When you go invade...

Some place...

You need people...

Basically...

Anyways...

Fast forwarding back to...

Fighting...

The spiritual war...

On the spiritual battlefield...

But before getting there...

You have to fight...

The spiritual war...

On the physical battlefield...

Which is what...

Evangelism...

And doing good works...

And paying it forward...

Is really all about...

And then...

You know...

Trying to...

Solve crimes...

And fight injustice...

And...

All the things that we usually do...

Online...

But eventually...

These things are going to come after you...

As Christians...

That's a guarantee...

And...

That's what tribulation is all about...

And you'll all experience that...

Eventually...

If you haven't already...

It's usually...

You know...

By the time you hit 40...

That...

It really gets intense...

But...

It can be...

You know...

Pretty intense before then...

In any case...

We're going to try...

And get you...

Onto the spiritual battlefield...

Using...

The talents...

That are hardwired...

Into you...

But...

Again...

To get on the spiritual battlefield...

You basically have to be...

An extremely spiritual person...

And we don't mean...

You know...

The new age kind...

You know...

The new age kind...

So you...

You have to be a profound...

Christian...

To your core...

To really enter the spiritual battlefield...

Otherwise...

I mean...

What's the point...

What's the point...

And when you get on...

The battlefield...

Basically...

A lot of what you're...

Dealing with...

Basically...

Resembles a core...

Some things are more nebulous...

And...

So you have to...

Basically...

Associate...

New discoveries...

New discoveries...

Based on...

Known information...

And...

You know...

For the most part...

There really isn't a textbook...

On...

What's really out there...

In terms of...

This enemy...

And...

All I can really tell you is...

About what I've seen...

And...

Make sense of it...

The best that I can...

In any case...

The real enemy that's responsible for...

What's going on out there...

Isn't...

At all...

What people would...

Probably imagine...

The real cause for...

What's going on in the world...

On so many different levels...

In terms of...

You know...

What's negative out there...

Is...

Is...

The enemy...

The enemy that we're up against...

Is basically...

A nebulous...

Confederation...

Of...

Demonic entities...

And we're talking about...

Tens of thousands...

If not...

Be câmera...

Tens...

To a species...

Throughout the history of time...

I...

The scientists...

A time span that could be like...

Trillions of years...

Just...

Immeasurable...

But they're out there

In many different places

In many different forms

In many different

Dimensions

So it's kind of like

Being Columbus

Discovering America

For the first time

You just don't even know

Where to begin

There's natives

Everywhere

And they're hostile

And you have no idea

Where these things are from

You have no idea

What this place is about

There's no supermarket

There's no cell phones

Just trying to

Just trying to survive

Basically

But

And again I just stumbled upon

All of this

Trying to survive

Doing what

Feels natural

And

What seems to work

And for some reason

I'm just on

Everybody's list

Quite literally

And so when it's that bad

I mean you're just really

Thinking about

Anything and everything

That you can do

And so at first

I mean naturally

You just start

Thinking about

All the people on television

Think about

All of the evil places

In the world
You attack
All the
You know
Evil doers
That are in your area
Metaphysically
And then all of a sudden
The real monsters
Jump out of the bushes
And you're like
Whoa
I didn't know
It was going to be like this
And one thing just led to another
And now I'm basically
Chasing these things
In their own world
I feel like that's
The proper thing to do
Anyways
This is what I want to get people
To do
As well
Seems strange
But

Logical

Their strength in numbers

In any case

Here's the big enchilada

Getting to it

We could have just started like this

And just

Left it like that

But

We had a little extra time today

So we decided to

Draw it out

Take our time

Dance around a little bit for you

Hit a bunch of topics along the way

But

Essentially

When you're

Fighting this enemy

On the other side

You're basically projecting

Spiritual weapons

At things that you don't really understand

But that look

Nefarious as

You know

I want to use some vulgarity here

But

You know

The things that you're going to see out there

Just

Are beyond Hollywood

Nefarious

And so

What I've learned is that

What I've learned is that

When you encounter these things

And where you're encountering them

Is not entirely clear

But you can see them

Like

You're piloting some kind of drone

In deep space

That's the impression that you get

Basically

When you do this right

Is all of a sudden

You're linked up to some kind of drone

In deep space

The detail can be

You know

Beyond scary

And

Essentially

You're there to

Attack

The spiritual entity

Telekinetically

And before you get

To that point

You basically have to understand

That you can bridge

Any point in time

In space

Telekinetically

At a much more efficient rate

Than trying to send

Like you know

A spaceship

Through a wormhole

If such a thing exists

Right

But

Essentially

Telekinetics is about

Just

Energy transmissions

And

Spiritual entities

Don't exist

In

The states of matter

That we

Basically consider

As real

But

It's an energetic

Type of

Consciousness

That has

A definite structure

And is

Bonded

Bonded

Together

By

Invisible

Forces

Much like

You know

What we see

In chemistry

We don't really understand

Hydrogen bonds

Or

Some of these other

Bonds

Covalent bonds

Etc

There's an invisible

Force that

Organizes

Matter in a certain way

We try to describe it

As such and such

But

It's basically like

Magnets pulling on each other

You don't

Really understand

Why the magnet works

You just know that

This is a magnet

And

In theory

It has this magnetic field

And these things

You know

Interact

And

This is why we experience

The pull

Or the push

Which is totally invisible

And

Still

Kind of mysterious

But

Definitely

The enemy

That you will see

That some of you

Will see

Has a definite

Shape

Pattern

And

You know

Some things are like

Structures

And other things

Are like

Creatures

With faces

And expressions

In any case

The short of the long

Of it is

Is that basically

In your

Future experiences

You will be

Attacking

Entities

That have

A shape

And a form

With

Telekinetic weapons

Or spiritual weapons

That traverse

Vast distances

In time

And space

So that's something

That we'll probably

Talk about more

In the future

But

It all starts

On the local level

You know

And we kind of
Talked about that
We'll talk about it
Some more
But
My first
Basic
Like
Real telekinetic
Experience
Was
You know
Hitting politicians
On live television
And watching them
Kind of freak out
And then all of a sudden
It started opening
You know
New ideas
But essentially
You know
What can be done
On earth
Can be done
Anywhere

So

Again

You know

It's kind of like

Riding a bike

At first

Trying to describe it

You know

It sounds kind of

Loony

But

Once you do it

For yourself

And you ride the bike

And you see like

Oh

Yeah

This is how it works

Then

Then this kind of

Information will become

Much more interesting

But I guess we're just

Planting the seeds

For later

So

A lot of what you
Encounter out there
Basically centers around
A type of nucleus
And
As you progress
Using telekinetic weapons
The aim is
Obviously
Hitting the nucleus
For some reason
That works
The best
And
Some things
Are but a
Projection
Of someone
Of somebody else's
Mind
Some things
That you encounter
Out there
Are the projection
Of some kind of
Demonic

Telepathic

Mind

Chances are

Humans

Weren't the first

Ones

Given the

Gift

Of

Telepathy

Or

Telekinesis

Or

Things like that

But I feel like

We have

The most

Talents

It's just that

We haven't

Been able to

Connect all the dots

Obviously

Jesus knew more

Than he was

Letting on

Walking on
Water
Healing the
Sick
Cleansing the
Lepers
Raising the
Dead
Casting out
Demons
And of
Course
Basically
Killing the
Fig tree
Just by
Saying so
Just by
Being courteous
In a way
But saying so
When you
Imagine the
Potential there
If you can
Connect the

Dots

And that's

What Jesus

Was trying to

Explain

Yeah

So it's kind of

Like dialing the

Right number

You know

A lot of

People don't

Dial numbers

Anymore

But

You know

If you dial

The wrong

Number

I mean

You're not

Going to

Get to

Make your

Call

You're not

Going to
Be able to
Talk to
That person
And get
What you
Want
Basically
So
Telekinetics
Is about
Connecting the
Dots
And there's
A lot of
Dots to
Connect
To be
Able to
Broadcast
Into
Another
Dimension
But
It's what
Makes the

Most sense

At this

Stage

Believe

That or

Not

Obviously

You don't

Want to

Take that

Out of

Context

Because

Nobody

Would

Understand

In any

Case

Okay

So the

Whole point

Of casting

Out demons

Is to

Drive out

The enemy

The enemy
Is coming
From the
Spiritual
World
We
Basically
Have to
Go there
And
Annihilate
That
Enemy
And it
Turns out
That we
Can
And we're
Given spiritual
Weapons
To do
So
But
All of
This
Is a

Very

Elaborate

Process

Again

This is

The first

Season

In Jedi

Training

But hopefully

You know

These ideas

Will

Take form

And become

Easier

To unpack

So

Where we're

Going in

The future

And what

We're going

To build

Up to

Is basically

To be able

To let

You connect

The dots

So that

You can

Broadcast

Into

The enemy

Territory

And fight

In the

Spiritual war

On the

Spiritual

Battlefield

And at

First

You know

You don't

Even know

What you're

Really

Encountering

It's kind

Of like

Going to
A foreign
Country
And turning
On the
Television
And trying
To figure out
What these
People are
Saying
You have
No idea
And everything's
Different
They're dressed
Funny
You know
You're trying
To figure it
Out
You know
So
Basically
When you
Get to the

Point where
You're crossing
Over into
The twilight
Zone
You don't
Even know
You know
What you're
Really in
For
And most
People that
Stumble upon
This through
Other religions
Are basically
Like wow
You know
And they start
Having these
Telling
Melopathic
Conversations
With
Devils

And demons
And this is
Where trouble
Begins
Obviously
We're basically
Hacking that
Matrix
And just
Blowing it
Up
So
I don't
Want to hear
You know
People talk
About
New age
Kind of stuff
Because
This isn't
About the
New age
This is
You know
Seek and

Destroy
We're not
Here to
Make
Friends
Everything
That you
Encounter
That looks
Nefarious
Is
Nefarious
And sometimes
They try to
Hide it
Sometimes
You beam
Into a
Location
Basically
And you
You know
You're not
Sure this
Thing may
Look friendly

I mean

You don't

Want to

Be

Uncivilized

And so

You basically

Try to

Prod it

A little

Bit

Unmask

It

Provoke

It

And eventually

It'll show

You

What it's

All about

But for the

Most part

Especially

As Christians

You know

What you're

Going to

See

Is

Evil

And so

You know

This is

Our role

Basically

Is to

Log in

And to

Fight

It's probably

One of the

Best ways

To describe

It

In a sense

That's the

Feeling that

You get

And so

Being able

To connect

The dots

And to

Get there

Is

You know

Part of

The story

It's

Kind of

Like

Old school

Internet

Dial in

Modems

And the

Like

So

But essentially

A lot of

What you're

Dealing with

A is

Hostile

B is

Sometimes

Shooting at

You

Makes you
Wonder what
They're
Seeing
Exactly
And what
They're
Shooting at
But it
Definitely
Looks like
They're
Hostile
And so
The trick
Of it
Essentially
The point
Of this
Adventure
Is to
Destroy the
Enemy
And
Some of
Them are

Very

Difficult

Stubborn

Resilient

Experienced

They anticipate

A lot of

What you

Might

Dream up

And

From our

Experience

What works

The best

And what

Seems to

Make the

Most sense

Is to

Attack the

Core

To make

To make

It collapse

To make

It explode

To make

It

Vaporize

To have

This thing

Lose

Its

Form

Because

Form

Follows

Function

Like a

Bottle

Opener

That's

Another

Thing

That we

See

In

Creation

Form

Follows

Function

So

Eventually

The real

Question

Is why

Are we

Gladiators

Is there

Something else

Going on

I don't

Really know

But

At this

Stage

After going

Through everything

That I've

Gone through

Over the

Last 10

20 years

I mean

At this

Stage

It's

Definitely

All out

Spiritual

War

And so

All I

Can tell

You is

That

You gotta

Think about

The core

You're

Going to

Experience

So many

Things

That

Basically

Revolve

Around

This

Principle

And

You

Basically

Go from
One core
To another
And how
That
Exactly
Happens
Is
Going to
Be the
Subject
Of another
Podcast
Podcast
But
It's
Kind of
Like
You know
These
Big
Corporations
These
Big
Corporations
Have

Little

Corporations

And they

Have

Little

Corporations

And all

Of these

Corporations

Have

Employees

And all

Of these

People are

Doing

Something

And in

In a

Very real

Way

This is

Kind of

Like

What we're

Dealing

With

Or it's
Like when
You go
To a
Giant
Website
You land
On the
Home page
Or you
Land on
Some kind
Of you
Know
Sub
Page
And then
You try
Exploring
You know
What's
Going on
Figuring out
What this
Website
Is about

And

You know

You find

All sorts

Of different

Links

That lead

To

New pages

And so

Basically

One enemy

Will bring

You to

Another

One location

Will bring

You to

Another

And

Telekinetics

In a

Large way

Is

About

Jumping

Around

To

Many

Places

In

A short

Amount

Of

Time

So

We'll

Close

With

You know

A brief

Example

You know

You could

See something

In the

News

That's

Rather

Disturbing

And you're

Like wow

That place
Must be
Pretty
Messed
Up
And you're
Thinking to
Yourself
Well
You know
All the
Evildoers
There should
Just
Disappear
Vaporize
Turn
Into
Dust
And
Then all
Of a
Sudden
You just
For some
Reason

You're
Starting
To
Think
About
Some
Other
Place
You're
Like
You know
All the
Evildoers
There should
Really just
Kind of
Disappear
And you
Close your
Eyes
And you
Start
Thinking
Thinking about
You know
Where are you

Going to
Go next
And all
Of a
Sudden
You see
An entity
That's
Looking at
You
And you're
Thinking to
Yourself
Well this
Thing has
To be
Destroyed
And you
Can fight
It out
With this
Thing
And all
Of a
Sudden
Something

Else

Appears

But

Sometimes

These

Things

Will run

And hide

And

Sometimes

They don't

Want to

Be

Found

You know

Like

Somebody

With a

Warrant

Or

Something

They

Just

Disappear

And so

Sometimes

You got
To go
Searching
For
These
Things
And
Basically
Your
Imagination
Is the
Limit
If
You're
Thinking
The
Enemy
Is
Just
Like
You know
In
Washington
D.C.
Or
Something

Like

That

Then

You'll

Be

Focused

On

That

But

Then

When

You

Realize

There's

Something

Messed

Up

With

Saturn

And

You

Start

Thinking

About

That

And

You

Start

You

Know

Looking

At

Pictures

Or

Videos

Of

Saturn

And

All

Of a

Sudden

That

Can

Bring

You

To

Far

Off

Places

Now

You

Might

Wonder

To

Yourself

Does

Saturn

Really

Exist

I

Mean

You

Can

See

With

A

Telescope

Is

It

Really

There

Though

Maybe

It

Is

Maybe

It

Isn't

But

From

Our

Experience

Feels

Pretty

Real

And

It

Feels

Like

It's

A

Major

Jump

Off

Point

To

Other

Locations

On

The

Dark

Web

Of

The

Spiritual
Battlefield
And
So
Yeah
There's
Been a
Lot
Of
Exciting
Encounters
Thinking
About
Saturn
And
Thinking
About
It
Is
Basically
Your
First
Step
To
Going
There

Telepathically

But

Basically

You

Have

To

Bridge

Your

Imagination

To

The

Physical

World

And

Whatever

Might

Be

Connected

Spiritually

To

That

And

Some

Things

Are

Location

Specific

And

Some

Things

Are

Time

And

Location

Specific

So

That's

A

Real

Interesting

Idea

Time

And

Space

So

You

Know

When

Are

You

At

Home

You

Know

Pretty

Much

During

Certain

Hours

When

Are

You

At

Work

Or

When

Are

You

At

You

Know

The

Store

Or

When

Are

You

At

A

Given

Location

It

Depends

On

What

Time

It

Is

Sometimes

Sometimes

You're

Always

There

I

Mean

Sometimes

You

Know

New

York

Is

Always

There

But

Sometimes

People

Aren't

At

A

Specific

Location

At

A

Certain

Time

And

So

Some

Things

Tend

To

Be

Sometimes

Tend

To

Be

More

Active

Than

Other

Times

So

We'll

Have

To

Talk

About

Time

And

Space

On

Another

Podcast

But

Basically

We're

Kind of

Giving

You

A

Rough

Summary

Of

Where

This

Is

Going

So

Spiritual

Warfare

Begins

Basically

In

The

Real

World

But

Then

Evolves

To

The

Spiritual

World

And

There's

This

Middle

Plane

Where

The

Dark

Side

Basically

Resides

It's

Kind of

Like

Clouds

Are

Usually

In

The

Sky

People

Are

Usually

On

The

Surface

And

The

Reservoir

Of

Demonic

Activity

Tends

To

Be

In

This

Middle

Heaven

Second

Heaven

This

Spiritual

Dark

Web

That

We

Can

Hack

And

Attack

And

That's

Not

Free

There

Are

Serious

Consequences

To

Doing

So

But

This

Is

Where

The

Real

Fight

Is

At

But

It

Basically

Begins

By

Focusing

Your

Spiritual

Energy

In

The

Physical

World

And

Then

Working

On
Your
Range
And
Then
Scaling
That
Up
To
Something
Bigger
So
We've
Kind
Of
Given
You
A
Broad
Overview
Of
What
We're
Looking
At
And

We

Just

Got

To

Fine

Tune

And

Fill

In

The

Blanks

From

Everything

Between

A

And

Z

And

We'll

Get

You

There

But

But

You

Know

Not

Everybody

Is

Going

To

Make

It

But

This

Is

Where

The

Actions

At

Posting

Memes

On

The

Internet

Is

Really

Secondary

Tertiary

To

To

All

Of

That

But

Look

You

Know

There's

Different

Vocations

For

Different

People

And

This

Is

Not

For

Everybody

It's

Too

Difficult

To

Describe

In

A

Setting

That's
Outside
Of
The
Christian
Community
And
You
Know
The
Average
Christian
Out
There
Is
Basically
On
A
Whole
Different
Level
So
Getting
People
Out
Of

You
Know
Mainstream
Thinking
Is
Half
The
Battle
But
Anyways
We'll
Try
And
Focus
On
You
Know
Sub
Components
Of
All
Of
This
To
Kind
Of

Broaden

Your

Horizons

And

Get

You

Ready

For

Spiritual

Warfare

It's

Very

Real

Very

Disturbing

Life

Changing

You

Know

Once

You

Enter

This

Battlefield

I

Mean

At

First

You

Know

Totally

Understand

The

Skeptics

And

The

Scoffers

And

You

Know

Those

That

Are

Rolling

Their

Eyes

And

You

Know

Snickering

You

Know

I

Can

Imagine

All

The

Things

That

People

Would

Say

But

Once

You

Actually

Like

Experience

This

And

I

Don't

Just

Mean

Like

In

Your

Head

Like

You

Know

Your

Imagination

But

Once

You

See

The

Demons

Jump

Out

Of

The

Bushes

And

You

See

The

Operatives

Basically

You

Know

React

To

Spiritual

Warfare

It

Is

Just

Like

Being

In

The

Matrix

It

Really

Is

You

Basically

Have

More

Questions

Than

Answers

Don't

Ask

Me

What

The

Audio

Guy

Is

Doing

But

Any

Case

We'll

Leave

It

There

We'll

Leave

It

There

For

This

Podcast

We'll

Talk

More

About

All

Of

This

There

Are

There's

Endless

Topics

To

Discuss

But

This

Is

The

Most

Worth

While

Endeavor

In

My

Perspective

This

Is

The

Best

Use

Of

Time

If

You

Really

Want

To

Make

A

Difference

This

Is

Where

It's

At

Otherwise

It's

Just

Pretty

Much

Running

Around

In

Circles

But

You

Know

Warfare

Is

Somewhat

Repetitive

And

This

Is

A

War

That's

Been

Going

On

For

Quite

Some

Time

It

Seems

Like

I

Don't

Expect

To

Resolve

This

In

Minutes

Days

Or

Hours

But

I've

Seen

A lot

Of

Progress

In

Two

Years

And

I'm

Hoping

With

New

Recruits

On

The

Front

Lines

That

We'll

Be

Able

To

Harmonize

And

Do

Even

More

Damage

So

Seeing

Is

Believing

And

Once

We

Bring

You

Into

The

Twilight

Zone

Once

We

Feel

That

You're

Really

Ready

Then

You'll
Realize
How
Everything
Just
Really
Comes
Together
Super
Nice
I'll
Be
Glad
You
Have
All
That
Shielding
That
You're
Spiritually
Clean
Because
You're
Going
To

Need

All

The

Virtue

That

You

Can

Get

This

Is

No

Joke

This

Is

By

Far

The

Most

Challenging

Experience

That

I've

Ever

Been

Through

And

I've

Seen

My

Share

We'll

Leave

It

There

For

This

Podcast

Appreciate

Everybody

Tuning

In

Until

The

Next

Time

If

You're

Listening

To

This

You

Are

The
