

WINDOWS IN TIME (EPISODE 3X)

Welcome back to Jedi Training. The title of this podcast is Windows in Time.

Telekinetics or teleenergetics is the projection of mind over matter.

Jesus said to the fig tree, wither away and die, and it did.

And essentially, that's just one of the many things that we can do in spiritual warfare.

Speaking commands, words, the spoken word, is a very powerful thing.

What you say can be very powerful, and it can also be very detrimental.

What you say is a very complicated thing.

It represents what's in your mind. It represents what's in your heart.

It represents what's in your soul.

And essentially, when you're in person, in your local environment,

encountering people in person,

then that's one landscape.

That's one type of battlefield.

What you can see physically.

And you can interact with what you see in many different ways.

And

I suppose the worst thing you could say to somebody is

basically,

die.

It's a horrible thing to say.

You know, we've

really got to do another

broadcast on

ethics when it comes to telekinetics.

As Christians, we're called to love.

It's a whole different
mindset.

That's a whole different view.

I think that
stooping down to
this level of
telling people to die
is a terrible
thing.

But war is a terrible thing.

If you look at scripture,
much of it
is about war.

and so we'll have to follow up with ethics

we've talked about it before

it's a very difficult discussion

but essentially telekinetics is basically

making a list of fig trees

and having them die

some things are physical

some things are spiritual

it's super complicated

and Jesus tells us that it takes time

with time these things will come to pass

and the more pressure we apply

the quicker it happens

the more advanced or evolved that you are

the quicker it happens

as a newbie

I mean

it takes a lot of practice

basically it takes about 10,000 hours of practice

to get good at something

and this isn't something that you necessarily want to practice

all the time

but

if you're deep behind enemy lines

then

you basically have

not as much time as you need

and so

describing that to normal folk

in a normal mindset

is a

is an impossible task

it's not until you're basically

in a situation

where you know

you're surrounded by demons

and heathen

and

they're out to get you
and not only them
but
their spiritual companions
when you're in the thick
when you're in the jungle
then it's like
you've got to accelerate the learning curve
so not all of you feel that pressure yet
maybe some of you do
maybe some of you don't
there's a lot of ethics involved with
this type of
telekinetics
we should be focusing on
healing people
speaking good words
into people
not just at people
not like
you're talking with someone
but speaking into the person
imagine like
your words going into them
are you getting what I'm saying here?
there's a difference between

talking to people
and talking into people
but we should be
basically talking
into people
that they're healed
that they're
happy
that
everything's good
it's only when you get into
spiritual warfare
that
essentially
everything is about
annihilation
totally
totally
different mindset
it's almost
heresy
in a way
it's heresy
in the sense of
this isn't what
Jesus was really

preaching about
it's scriptural
when you look at
scripture
the Old Testament
and even
some of the letters
of Paul
and so
like we've mentioned
before
this is
a subplot
this is not
the focus
of
being a Christian
this is spiritual warfare
this is war
it's completely different
it's
not like
you know
we're back in the 80s
where everything was
more or less

normal

whole different

mindset

whole different

context

this is

basically

a demonic

invasion

millions if not

billions of people

have been body

snatched

they're trying to

basically

exterminate

everyone

and so

this is a real

spiritual war

so that's

basically

you know

a quick summary

of the ethics

this is why

we're here
this is about
learning
what essentially
is forbidden
knowledge
knowing this
obviously
makes you
a risk
to the dark
sign
I hope
that all of you
have been
preparing
planning
and all of that
and you're ready
to
get into
meat and potatoes
so
essentially
telekinetics
is about

mind over matter
and
there are some
things that are
relatively
simple
to
explain
and there are
some things
that are much
more difficult
to explain
again
how do I know
all of this
tried and tested
being deep
behind enemy
lines
have had the
pressure of
spiritual warfare
on me for
many many years
and this is

basically the
basis of
everything that's
on stranger
than fiction
news
why are
our shows
so ahead
of the
curve
it's because
it's based
on all
of this
and all
of this
is based
on scripture
and so
it's the pages
of the bible
playing out
before your
very eyes
every little

thing is
important
it's not
to be
overlooked
it's not
to be
shrugged
at
so
basically
everything is
important
when Jesus
says
such and such
to the fig
tree
and then he
says that
you can move
mountains
if you have
faith
you can do
this as well

so
none of that
should be
overlooked
this becomes
a chapter
of interest
so we can
speak
commands
into this
matrix
into this
constructed
reality
that's what a
matrix is
a constructed
reality
we're in a
constructed
reality
it's all
there
in the
building

blocks
of matter
in the
building
blocks
of life
and DNA
it's
obviously
designed
we are
in
some
type
of
constructed
reality
and
essentially
what Jesus
is doing
is speaking
commands
into this
reality
like

almost like
computer
programming
and if you
have any
computer
programming
skills
things
then
this is
basically
where that
logic
comes in
you make
statements
or commands
into the
system
because
you're
basically
part of
that
team

as
real
Christians
as
citizens
of the
kingdom
we're
given
power
over
darkness
and
over
certain
things
in this
world
we'll get
more into
that
practice
makes
perfect
you don't
walk on

water
just like
that
requires
faith
requires
knowledge
requires
a lot
of things
virtue
so the
more
virtuous
you are
the
you know
the better
Christian
that you
are
the more
your words
are going
to have
weight

the more
access
you're going
to have
and so
that's why
leaving doubt
behind is so
important
that's why
you know
the more
we focus
on scripture
the better
because
we're all
basically
contaminated
by the
world around
us and
we
perpetually
live in
some type

of sin
and it's
all of
that
that
basically
keeps us
on the
ground
floor
so if
it says
no fornication
no fornication
if it says
you know
don't do
this and
don't do
that
there's
more to
it than
just
what you
might think

the most
important part
is
obedience
but
all of
these
rules
laws
ordinances
impact
your life
in a
certain
way
so we'll
get more
into that
but essentially
we're going to
try and focus
and try to
move forward
with the
discussion
of

telekinetics
and windows
and time
what we're
talking about
here is
ultra dangerous
and you know
the wicked
will not be
justified
so you have
to use
this
these ideas
with
a lot of
responsibility
I can't
emphasize that
enough
otherwise you
just kind of
like stray on
to the
dark side

and you're just
basically doing
witchcraft
and sorcery
what's the
difference
between
Moses
and the
Chaldeans
or the
Egyptians
the sorcerers
of the
time
intent
what
they
represent
so
all of
that is
hugely
important
as
like a

disclaimer
and as
information
pertinent
information
okay
so
the idea
here is
that it's
mind over
matter
and the
easiest ways
to basically
get on the
bicycle
and
use your
your
hardwired
abilities
the best
way to
start
is to

put the
training
wheels
on
and so
training
wheels
on
means
okay
you're
doing
this
locally
in an
environment
where you
can see
people
and
basically
you're
starting
in that
sphere
of

awareness

I want

you to

write that

down

sphere

of

awareness

you know

how far

can you

see

what are

you aware

of

physically

in the

environment

around you

now

the easiest

thing to

do

essentially

is to

speak

into

that

person

why would

you do

that

who is

this

person

what have

they

done

exactly

it would

be easy

to say

trust your

feelings

which is

a lot

you know

has a lot

to do

with it

but

depending

where you
are
things
aren't
always
as easy
as that
but
essentially
if you're
a lifelong
Christian
who grew
up
before
9-11
you're
going to
know
automatically
when
something
doesn't
smell
right
you know

with the
people
with the
situation
and
you know
it's
it's
dangerous
just to
leave it
like that
but in
spiritual
warfare
the classic
scenario
is that
basically
you're
surrounded
it's
a pretty
classic
scenario
you're pretty

much
surrounded
everybody's
against you
and
you feel
like you're
under attack
we'll just
leave it at
that
you know
it can be
different types
of attacks
but basically
you're feeling
like
it's the
zombie apocalypse
basically
when it's
like that
then it's
basically
you know

open fire
wherever you
go
if you're
in a
situation
where it's
basically
you know
50-50
then you
really gotta
use a lot
more discernment
and if
you're in a
small town
where everybody
seems just
nice and
everything's
normal and
everything
then
you're probably
not gonna be

doing this
at all
you'll probably
want to save
it for the
big city
or something
any case
essentially
the idea
is that
in these
situations
where it
is
the
battlefield
in a
local
area
setting
you're
basically
going to
be
trying

to
hit
people
with
anything
that you
can
imagine
why is
imagination
important
because it's
mind
over matter
okay
and there
isn't like
a huge
thing that
you gotta
do
you're
automatically
hardwired
to do
this

that's the
worst part
about it
but
essentially
in the
battlefield
or
if you
identify
a target
then
basically
you're
looking to
attack
so
you know
what does
that mean
exactly
imagine
this
was a
physical
thing

I mean
what are
you gonna
do
you're
gonna
punch
them
you're
gonna
headbutt
them
you're
gonna
you know
pull out
your
you know
your weapon
right
so
spiritual
warfare
is essentially
like that
how are you

gonna hit
the person
well
that's up
to you
but it's
good to
get
good at
something
like a
jab
you know
practice
your jab
practice
your
your
hook
you know
go
target
practicing
or something
but
essentially

it's
mind over
matter
and
what
you're
imagining
is
basically
what
you're
doing
on a
telekinetic
level
and
the more
you understand
that
the more
you
believe
that
the stronger
the effect
will be

so at

first

it's like

hmm

you know

what do

I do

um

you know

is this

gonna work

this is

stupid

you know

kind of

thing

okay

brush that

all aside

just

take for

granted for a

second here

that I know

what I'm

talking about

so just
brush it
all aside
you can
do this
you can
you find
an enemy
what you're
gonna do
well
you could
just
say to
them
die
it's
terrible
terrible
thing to
say to
a person
what's
gonna
happen
if you

do

that

I mean

maybe

they won't

say

anything

you know

maybe

they'll

you know

get up

and attack

you

physically

so

do you

do that

this is a

cold war

this is

telekinetics

this

you don't

have to

make a

big scene

like

a street

corner sermon

if you know

what I mean

you can

just

basically

well you

can think

it

it's

better

if you

can

say it

I mean

if you're

really

at a

distance

you can

kind of

just

say it

a little
bit
but do
you want
to do
that
do you
want to
turn them
into the
fig tree
so
either
you're in
the war
or you're
not
if you're
not in
a war
setting
mentally
if you
don't think
it's a
war out

there

then

you know

hold your

horses

don't get

worked up

keep this

for later

but if

you recognize

that you're

in a

spiritual

war

and that

it's

basically

a bad

looking

situation

then you

realize

it's

you know

it's

time

you know

for

slash

and burn

it's

time

for

you know

firestorms

like

world war

two

it's

it's

time

you know

for

to unleash

everything

in the

arsenal

right

so

you know

I got a

problem
with the
ethics
I think
we should
all have
a problem
with the
ethics
but
it is
what it
is
so you
can
you know
you can
think it
to them
and then
try to
push it
into them
you know
a lot of
telekinetics is

about push
and pull
like
everything else
basically
it's all about
the push
and the pull
push it in
pull it out
like a
like a
cork in a
bottle
basically
and
you know
it takes
practice
like
imagining
all the
different
things that
you can
do

mind over
matter
it starts
with the
imagination
because
that's how
it projects
you imagine
like
their head
just like
being ripped
off
you know
stabbing
them
with a
with a
sword
but you
don't have
a sword
so what do
you have
you have

your finger
and you
just
you know
extend it
all the way
through them
but
it's not
a physical
extension
it's like
an energetic
extension
you have to
imagine that
you have a
laser pointer
and you can
cut through
that person
and like
I said
at first
it's
you know

there isn't
a lot of
fireworks
or anything
but
eventually
you'll get
the
you'll get
the drift
that
you've
entered
the battlefield
and then
the pressure
turns up
then you're
like what
have I
done
and there's
more attacks
or if you've
never been
attacked

you're going
to get
attacked
and then
the pressure
mounts
and it
mounts
and it
becomes more
intense
and you want
to survive
and you have
to do more
and you just
have to realize
that the more
you practice
the more you
realize it's
mind over
matter
and that
it's your
imagination

that triggers
it automatically
and not
only in this
world
but this
is something
that we'll
have to
talk about
in a future
podcast
it's going to
say
broadcast
but in a
future podcast
is that
what we're
doing here
quite possibly
has effects
in either
other universes
or other
dimensions

and some
of the
things
that we're
doing
may not
appear
here
physically
before our
eyes
but it's
happening
somewhere
in some
other universe
why would I
say that
because I've
been getting
that feedback
and that's
a long
story
that's a
really

long
story
but it's
quite possible
that
telekinetics
has ramifications
beyond
what we
imagine
as well
is that a
good or
bad thing
it's hard
to say
but
we'll just
move on
because
we could be
here forever
so telekinetics
again
projection
mind over

matter
the
imagination
triggers
it
you can
speak
commands
into the
matrix
in a way
like
you know
when Jesus
calmed the
storm
right
so I
mean
you know
we're basically
believing that
it's going to
happen
and
you know

basically
time is a
function of
experience
the less
experience
the longer
it takes
the more
experience
the lesser
it takes
none of us
will probably
reach you
know the
level of
Jesus
obviously
but if we
can get
halfway there
like on
you know
certain levels
or three

quarters of

the way

there

then

you know

that's

where we

want to

be

so the

more

virtue

the more

you know

the more

experience

the more

justified

you know

the heavier

the impact

so

basically

you really

want to

practice

in the
local area
setting
but
sometimes
you know
what's
around you
isn't
all that
interesting
sometimes
you feel
like something
else gets
your attention
like these
people on
television
and this
is getting
into the
meat and
potatoes
the television
pictures are

essentially
windows
in time
I want you
to write that
down because
this is an
important concept
as well
windows in
time
so
we have
to kind
of define
time
and space
and all
of that
what is it
you know
a lot of
people say
a lot of
different
things

we all
have an
opinion
on it
what is
it really
does anybody
really know
what it
is
I think
you have
to keep
all of
the
possibilities
on the
table
because
nothing
can be
excluded
especially
in
spiritual
warfare

and this
is going
to be
an important
concept
that we'll
talk about
in the
future
podcast
but
basically
you have
to check
every room
every closet
you have
to go
everywhere
to be
sure
and thorough
right
and so
if you
just say

to yourself
well
things aren't
just this
way
and nothing
else
then
that's
all
that you
can
basically
imagine
and that's
as far
as you
can go
so
maybe
we do
live
in a
snow globe
maybe
we live

in a
box
maybe
you know
the world
is just
in a
giant cube
or something
but maybe
it's an
infinite
universe
maybe
there are
many
universes
so
you know
you basically
have to keep
everything on the table
what about time
does time exist
is time real
can we time

travel

are there time

travelers

what year

is it

you know

all of those

things

I mean

there's just so much

you can think about

when it comes to time

what's important

to think about

when it comes to time

in this

podcast

essentially

is that

time

is

well it's always

now

it was now

yesterday

it was

it'll be
now
tomorrow
we're always
in the now
it's always
been in the now
it'll always
be in the now
and so
it's all
connected by
now
it's all
the same
time
or substance
or whatever
river
and you can
look at it
in many
different ways
like
you know
water

flowing under
a bridge
they say
you never
step into
the same
river
twice
because
it's always
different
water
yet
the water
is basically
connected
in a stream
from
the reservoir
to
you know
wherever
it ends up
and it's all
basically the
same

and so
time
is kind of
like that
and why is
this important
is because
in telekinetics
time can be
more or less
irrelevant
if you want
it to be
does that mean
that you can
change
you know
history
probably not
but you can
probably cause
ripples
in the pond
that go back
in time
and forward

in time
and
there are
probably
things that
observe time
as if it's
just all
like
happening
right now
some things
are you know
present in
all time
you know
frames
or
many time
frames
and so
this is
important
because
essentially
pictures

and movies
and video
and all
of that
become a
window in
time
and space
and
the location
and the
people that
you see
are basically
like a
telephone number
and you can
dial in
and you can
do this in
real time
you can do
this you know
by accident
and you know
it brings in

a lot of
interesting questions
you know
about telekinetics
and telepathy
through time
and
we're not
going to go
there right
now but
for the most
part but
what we will
say is that
when it comes
to local area
warfare the
next step
forward is
basically the
next natural
step as well
is basically
to extend
through

windows of
time
and
they used
to do
this
you know
way back
in the
day
and like
you know
in halls
of mirrors
and glass
houses
and you know
there's all
sorts of
things you
can talk
about
but
essentially
you know
we

we can
use telekinetics
through
pictures
and movies
because
time is
irrelevant
and
what's
important
is
the target
you're trying
to catch up
to
and this
is another
real
you know
important
topic
catching up
to a target
because some
targets are

on the move
and that's
more of like
you know
on the
spiritual side
than it is
the physical
side
you know
when you're
thinking about
a target
through
a picture
you're focusing
on the person
you know
for the most
part
and
that person
is still
traveling in
time
just like

you are
you know
we're
you know
the human
experience
is basically
like time
travel
we're
traveling
through
time
at the
speed
of the
human
experience
so
you know
most of
these targets
hopefully
focus on
the living
you know

that's another
big topic
but
essentially
you know
I don't want
to you know
name names
or whatever
but
you pick
your target
you find
a picture
of them
and you
imagine
their head
exploding
or something
imagine
plunging
your laser
pointer
through their
head

or something

you're

speaking

commands

at them

now

essentially

this will

have an

impact

it will

begin to

have an

impact

and it

broadens

your sphere

of awareness

now all of a

sudden

windows of

time become

part of

your toolkit

it

but we're

still just
focusing on
physical people
and physical
places
you know
in this
universe
in the
now
for the
most part
but
this is a
huge concept
because
it brings up
the relationship
of
imagery
and
reality
so what is
an image
an image
is a

reproduction
of something
basically
and of course
in
scripture
it tells us
never make
images
now you
might think
obviously
don't make
images
and worship
them
which is a
big thing
but
making images
is
a huge
sin
and there's
a lot of
spiritual

connotations
involved with
a human
which is an
image bearer
of our
creator
making an
image
or a
reproduction
of creation
and it
kind of
like
goes back
to Adam
and Eve
and
the forbidden
fruit
and the
snake
saying
you will
be like

gods
and there's
that whole
thing
so it's
real murky
territory
but
making an
image
is seen
as a
totally
bad
thing
and
basically
unclean
spirits
can come
into that
image
and
all sorts
of things
can happen

around that

image

in the

spiritual

world

but the

image

of a

person

or a

thing

is also

like

a phone

number

in a way

and

you can

almost look

at it

like

you know

like a

voodoo doll

and

so it's

this idea
that the
image
represents
the
person
is
this
voodoo
or sorcery
you know
their
knowledge
is coming
from the
dark
sign
and
their aim
basically
is to
hurt
good
people
or
people

for
monetary
gain
you know
the
intent
here
and
the
reason
that
we're
in
this
war
is
nothing
to
do
with
the
interest
of the
dark
side
we're

here
to
destroy
the
dark
side
so
you know
this
is why
ethics
and morality
is
always
going to
be
part
of the
discussion
it has
to be
and
you have
to
feel
it

you know

nobody's

pushing

you

through

the

story

if you

don't

feel

like

you're

in a

spiritual

war

if you

don't

feel

like

you know

this

is

for

you

I

totally

understand

that

I

totally

do

as

for

me

I'm

just

trying

to

survive

deep

behind

enemy

lines

and

all

I

can

report

on

is

what

works

and

what

I've

discovered

and

of

course

it's

not

pretty

and

you

know

it's

still

real

complicated

out

there

but

I

feel

like

I

feel

a lot

of

things

I

feel

perhaps

this

is

a

way

to

make

progress

I

also

feel

like

you

know

this

isn't

what

we

should

be

doing

so

trying

to

cover

you

know

all

bases

and

we're

going

to

start

a

ministry

soon

and

really

just

focus

on

ministry

work

and

evangelism

rather

than

you know
telekinetics
but
as
as for
me
you know
2000
years
after
the
coliseum
with
all
the
martyrs
and
everything
and
you know
I
totally
understand
you know
we're
just

supposed

to be

lambs

for the

slaughter

I

just

you know

I

just

feel

like

going

Old

Testament

personally

that's

just

me

and

that's

where

I'm

at

and

this

is
why
you know
I've
been
focusing
on
telekinetics
personally
for
quite
some
time
but
image
making
and
the
relationship
between
images
and
the
person
is
basically

an

angle

of

attack

in

telekinetics

it'll

happen

to

you

and

you

can

make

it

happen

to

others

and

the

impact

just

really

depends

on

your

you
know
your
experience
your
virtue
and
your
knowledge
so
essentially
we're going
to extend
telekinetics
through
windows
of time
and
live
television
works
you know
probably
the best
but
as far

as I
can tell
pictures
and movies
you know
work just
as well
and so
practice
that way
too
because
eventually
you know
these types
of skills
will be
a jump
off point
for
something
even
bigger
which is
where we're
going

eventually

which is

the

spiritual

battlefield

of the

spiritual

war

and

to get

there

it's

basically

you know

third

eye

you know

twilight

zone

sword

of the

spirit

and

applying

all

of these

skills
in a
focused
kind
of way
on
targets
that
are not
of this
world
basically
and I
think that's
where the
real action
is
we wrestle
not against
flesh and
blood but
against
spiritual
wickedness
this whole
you know

exercise
of
people
targeting
is really
to
practice
our
skills
and
refine
them
for
demon
targeting
but you
can't
you know
hit a
demon
if you
can't
hit a
person
and
hitting

a person
well I
mean that's
you know
another thing
but
you know
if they've
been body
snatched
in their
vessels for
demons
and all
of that
I mean
at this
stage
what else
can you
do
it's an
infestation
and
basically
you know

it's spreading

like a virus

it's spreading

to children

it's spreading

to everyone

around us

and

you know

in many

communities

people are

basically

you know

good solid

Christians

are basically

you know

feeling the

pressure

so

either you're

going to be

you know

taken out

or you're

going to
be
you know
going out
kamikaze
style
but
I mean
that's
basically
the
destination
for all
real
Christians
out there
period
so I guess
the choice
is you know
do you go
humbly
or do you
go out
like a
freak

and

you know

personally

I feel

like going

out like

a freak

now

yes and

no

yes in

a way

that

you know

if I can

stick it

to these

you know

evildoers

you know

I think

I do

that

I think

I do

do that

I don't
know why
you know
obviously
we should
just like
not make
too much
noise
and
suffer
silently
and if you
haven't faced
tribulation
it'll come
if you're
doing it
right
it'll come
and so
I guess
this is
basically
how do
you cope

with your
tribulation
period
in life
and
you know
that's another
test
undoubtedly
and I
have no doubt
that I
failed that
miserably
absolutely
miserably
I want
justice
I want
freedom
I want
a decent
world
and I
want it
now

and I
should be
ashamed to
say that
and I
am
but
you know
I just
can't help
it for some
reason
I don't
know why
I want
to stop
I want
to just
you know
pretend
or
whatever
but then
it gets
even
worse

everything
gets
so much
worse
not just
locally
but
nationally
and internationally
I've done a few
tests where I just
kind of like sit on the
sidelines for a while
and do nothing
and I've
had this
debate
and all that
for many
many years
it's like
being on the
Titanic
it's like
you know
you see the

water coming

in and

you just

got this

bucket

and you're

just you

know

trying to

toss it out

the window

buy yourself

a little

more time

basically

that's

basically

where it's

at after

many years

but

on another

note I feel

like we've

made a lot

of progress

you know
how much
progress
is hard
to say
but
I've seen
a lot
of action
on the
other side
and it's
it's
something
else
it is
something
else
and that's
what
that's
the level
that I
want to
get you
people at

but and
you know
usually it
would take
people
you know
10 20
years
maybe
you know
to figure
some of
this out
took me
quite a
while
and I
figure out
a lot
of stuff
fast
pretty fast
anyways
and
I feel
like you

know
hopefully
we've
made some
progress
but
given the
magnitude
of the
evil
that we're
up against
and I
don't say
that
in any
small
way
I mean
I'm
talking
mega
evil
out there
it's really
hard to say

you know
what's left
but
it feels
like a
flood
it feels
like an
invasion
and I
feel like
it's natural
to want
to defend
ourselves
and
you know
spiritual
war
is much
more than
just
evangelism
it's part
of it
absolutely

a big
part
of it
but
the real
war is
with
whatever is
on the
other side
of the
veil
and getting
there
you know
as far as
I know
basically
requires going
through the
twilight zone
once you
see the
action for
yourself
then

you can't
really unsee
it
and
you'll
probably be
back for
more
now hopefully
you know
you know
it'll be
somewhat
gradual
for each
and every
one of
you
generally
speaking
you're not
given
more than
you can
take
but

at this
stage in the
game it's
really hard
to say
a lot of
people are
getting wiped
out for just
basically
nothing
so I
hope that
you have
been taking
this seriously
and not
like some
kind of
jerk
and you
got your
shielding
and you
know
you've got

what it
takes
and that
you're
ready to
go
basically
the next
step is
to start
local area
warfare
in telekinetics
of course
and
engage
engage
the enemy
find them
if they're
not in your
area
find them
on the
internet
practice

like

you know

practice

like

30 minutes

a day

it's hard

you know

to do this

for like

an hour

especially

if you're

just

people based

you know

it's like

those people

with like

a long

list

oh they

found them

with a

list

so

everybody's

got a

list

but

hopefully

your list

isn't

like

you know

petty

local

things

it's

like

you

will

eat

bugs

and

own

nothing

kind

of

thing

and so

you go

through your

list

every day

20 minutes

a day

keep hitting

that list

make a list

of fig trees

get their

pictures

get a file

like you're

the FBI

put it

in a folder

make it

easy

to access

run

through

that

20 minutes

a day

where do

you start

find a
routine
we're all
creatures of
habit
make a
routine
for yourself
okay
I'm going to
hit each
and every
one of
them
you know
such and
such a
way
you know
off with
their heads
you know
whatever
blow them
up
and move

on to the
next
go through
it
make a
good list
so it's
like 15
20 minutes
and you'll
see like
you know
after five
minutes
you're like
fine
train yourself
discipline
get through
your list
make it
doable
and
you know
buyer beware
so of

course
you know
it's only
fair to
say that
you basically
you know
will be
judged at
the same
level that
you judge
others
and so
have the
defining
thing be
that
these
people are
children of
Satan
children of
the devil
they serve
the dark

side
they're all
in it
together like
a bunch
of Charlie
Manson
groupies
it's a
hive
they're
legion
it's
not what
you think
it's not
just you
know
some poor
dude
you know
but
remember the
wicked will
not be
justified

be careful
but know
that you
know if
you're
if you're
starting
to launch
against you
know people
on TV or
whatever
you know
you're in
the big
game
and you
should prepare
for all
contingencies
and trust
nothing
no one
because you'll
be surprised
just how

bad it
is
it's a
very
difficult
mindset to
have
takes a lot
of discipline
it's real
easy to crack
when you
think the
whole world
is against
you
and
you just
have to
know that
you're not
alone
it's just
that
there's not a
whole lot of

people in
your
neck of the
woods
but
you know
if you're
surrounded by
normal
then
you know
just keep
all of this
for later
because
there's a
storm coming
and
you know
you might
think that
this storm
isn't coming
to you
but
it's

it's
coming
and so
everybody
should
prepare
to be
the last
man or
woman
standing
in your
area
holding the
flag
if you
will
but I
feel like
this is a
real powerful
podcast
if you
can
understand
what I've

been saying

I don't

know if I

have to

explain

things

you know

clearer

than that

apologize

for the

sound

effects

but these

are ideas

that we'll

be coming

back to

these are

ideas

that

we are

going

to

build

upon

and scale
up
in the
future
and there's
a lot
of things
to talk
about
regarding
all of
this
but
what's
important
to recap
is
don't rule
anything
out
mind
over
matter
it's the
imagination
that triggers

it
and
you gotta
focus
but
you don't
want to
make
you know
a scene
and
you know
it's all
about
being
discreet
and that's
what you know
spiritual warfare
is all about
to a certain
extent
so
mind
over
matter

imagination

and

you know

be careful

leave it there

for this podcast

appreciate everybody

tuning in

till the next

time

if you're

listening to

this

you are

the resistance
