

JEDI TRAINING - THE ARMOR (EPISODE 45)

Welcome back to Jedi Training. The title of this podcast is The Armor, according to Ephesians 6, 13-17.

Wherefore, take unto you the whole armor of God, that ye may be able to withstand in the evil day, and having done all, to stand.

So there's a promise here, that we will be able to withstand in the evil day, if we do everything to stand. Everything.

Wherefore, take unto you the whole armor of God.

A lot of people think about it like having faith, having righteousness, having truth, having salvation, having the peace of the Gospels.

But perhaps it's telling you to wear armor.

In the real, literal sense.

Stand, therefore, having your loins girt about with truth, and having on the breastplate of righteousness.

We should always be in the truth.

We should always be righteous.

Irreproachable.

But it's also saying here, protect your loins.

Protect your breastplate.

What does the breastplate protect?

Your heart.

A lot of people with the climate change are suffering from heart palpitations.

It's saying here, to protect your heart.

Not only with righteousness, but with a breastplate.

What does the girdle protect?

Protects your midsection.

Basically, everything between your heart and your knees needs to be protected.

Your feet.

And your feet shod with the preparation of the Gospel of Peace.

Your feet should be protected.

As well.

Above all, taking the shield of faith.

Wherewith ye shall be able to quench all the fiery darts of the enemy.

Think of a Roman type shield.

A massive shield that you can hide behind.

This was written in the Roman era.

That's the kind of shield they were thinking of.

The fiery darts.

The fiery darts.

Of the wicked.

What are those?

You're going to find out.

And take the helmet of salvation.

Protect your head.

With a helmet.

And the sword of the spirit.

Which is the word of God.

So, there's two ways of looking at this.

Either.

We should have righteousness.

Truth.

Faith.

Preparation of the Gospels.

Salvation.

And.

The spirit.

And.

The spirit.

Either we're to have all of that.

Or.

We're to have.

A helmet.

A breastplate.

A girdle.

Feet protection.

A shield.

And a sword.

Could it be one or the other?

Could it be both?

What we can tell you is that in spiritual warfare.

You're going to need everything.

Period.

If it says.

Get a helmet.

Get a helmet.

If it says get a shield.

Get a shield.

And so on and so forth.

That's.

Been our experience.

That.

Head to toe protection.

Is once required in.

Spiritual warfare.

Why is that.

Exactly.

Because.

The entities that we're really up against.

In spiritual warfare.

Are basically like.

Quantum anomalies.

Existing.

And not existing.

Here.

And not here.

And.

They are basically.

Disembodied.

Spirits.

Consciousness.

In the form of a head.

But without a body.

And these things are just drifting.

Millions of these things are just drifting around like asteroids.

In.

In.

Some kind of quantum.

Subspace.

Cyberspace.

And they use telekinetics.

To attack.

Anywhere in the universe.

As soon as they start thinking about a target.

Target.

They basically make a wormhole.

And.

Arrive.

At their target.

They can.

Target your head.

They can target your gut.

They can target your heart.

They can target.

Any muscle.

Any body part.

Anything.

Anything.

And essentially.

What you'll see.

When we take you into the twilight zone.

Eventually.

What you will see is that.

These attacks.

Tunnel from the entity.

Can.

Go in many directions.

Before it finally arrives.

To you.

Like.

Some kind of heat seeking.

Death ray.

And.

It'll start.

To penetrate.

And.

You'll feel it.

Physically.

At first.

It'll be.

A weird sensation.

And then it'll be.

Severe pain.

And.

You can refer to this.

As.

Demonic attack.

In a real general sense.

But basically.

As far as.

The mechanics are concerned.

You have some kind of.

Disembodied spirit.

That will be attacking you.

From an unknown.

Location.

In the universe.

In the universe.

Or some other universe.

Or some other dimension.

And.

There's really only two ways.

To.

Address the issue.

Besides doing nothing.

Or not even being aware.

That this is happening.

You can either.

Shield yourself.

Because for some reason.

Some of the attacks.

Are mitigated.

By.

Shielding.

And.

The other option.

Is basically.

To attack.

What's attacking you.

Which is what.

The sword of the spirit.

Is all about.

And.

It's your.

It's your.

Weapon.

In the physical world.

Which is both.

Physical.

And spiritual.

Because everything is.

Metaphysical.

In this universe.

Everything is both.

Physical and.

Spiritual.

At the same time.

And how we.

Put up.

Put all of that together.

And focus.

On.

An objective.

Really depends.

On.

A person's awareness.

But.

Essentially.

In.

Spiritual.

Warfare.

You're dealing with.

Metaphysical.

Attacks.

That can originate from.

A spiritual dimension.

Or that can originate.

From.

Some kind of.

Spiritual entity.

That's in.

This.

Physical dimension.

Or.

Phased.

Into this.

Physical dimension.

To a certain extent.

And of course.

Seeing is believing.

And we're going to take you there.

But.

It's important that we talk about.

Armor.

And protection.

Over and over again.

Because.

Without it.

You're not going to make it.

Very far.

You're not going to make it.

Ten minutes.

With these.

With these things.

Hunting you.

And so.

Before you can.

Get onto the spiritual battlefield.

With spiritual weapons.

And attack.

These entities.

You basically have to be able to.

Withstand.

Incoming fire.

And so.

This is.

Wonderfully.

Written.

Thousands of years ago.

And it describes the situation.

Perfectly.

So.

What.

Can we recommend.

As far as.

Armor.

You know.

You often hear us say.

The more the better.

Whatever you can.

Basically.

Physically.

Wear.

Is.

Where you should be at.

You should have.

That much armor.

To where.

You.

You just couldn't put anything.

You know.

Anything else on.

Even if you wanted to.

Not necessarily saying.

That you have to.

Wear that.

All the time.

But.

If you need to.

It's better to have it.

And we recommend.

Having.

Basically.

Undercover.

Armor.

Or under armor.

As it's called.

That you can.

Conceal.

In.

Regular clothing.

And so.

We recommend.

You know.

Making things.

Out of.

EMF fabric.

Or.

Like.

Five to ten layers.

Of super thick foil.

Basically.

Taped together.

And tailored.

Into.

Under armor.

That you can wear.

At least.

The upper body.

Especially.

When you go out.

The lower body.

Sometimes.

Gets attacked.

Sometimes.

It's a target.

Target.

And.

Usually.

When they.

Pick a target.

They'll keep at it.

Until it becomes crippling.

And.

So.

You have to be mindful.

Of that.

Basically.

Just about every pain.

Or discomfort.

That you will.

Experience.

And.

After you engage.

In spiritual warfare.

Will be.

From demonic.

Attacks.

And they'll just move.

From one thing.

To another.

And.

Eventually.

You'll be able to see.

The incoming fire.

And.

You'll be able to.

Work your way back.

To where it.

Comes from.

And attack.

But.

That's.

You know.

Way into the future.

First and foremost.

You know.

Make helmets.

Make.

A skull cap.

That you can wear.

Under your baseball cap.

We.

Recommend.

Steel mesh.

Stretch metal.

You know.

Something light.

Yet.

Industrial.

And.

Shape it into.

Something that you can put under a baseball cap.

You'll eventually need it.

It says wear a helmet.

Wear a helmet.

Don't take my word for it.

Take.

You know.

Scripture.

For what.

It's saying.

It's not.

A literal.

Thing.

In the sense of.

Of.

Just.

Being about.

Salvation.

It's.

Literal.

In the sense.

That.

You need to wear a helmet.

Basically.

So.

Protect your head.

Protect your feet.

You'll have attacks coming.

From underground.

And it's not really necessarily underground.

I mean.

It is.

And it isn't.

It can be from underground.

Or it can be things that are basically.

On the other side of the planet.

Or.

Beyond that.

In theory.

And again.

We're just not going to rule anything out.

We understand.

The different arguments.

And maybe it is.

And maybe it isn't.

But.

In theory.

You know.

You could be.

Attacked by some kind of.

Ghost.

The size of a.

Galaxy.

Way on the other side of the universe.

That's.

Directly.

Beneath you.

And when you.

Get into.

We'll just call it.

Night vision mode.

It's like you can see.

What's going on.

In every direction.

And.

You know.

I want to.

Kind of sound like a Trekkie here.

But there's no.

Up or down.

In.

Outer space.

In the universe.

I mean.

Everything is.

360 degree.

Everything is.

Basically.

In terms of.

360 degrees.

In all directions.

And.

There are things.

Out there.

I.

You know.

I hesitate.

Saying all that.

Because I know.

In the back of.

Some of your minds.

You know.

You're.

You're into the flat earth.

And.

I don't want to offend you.

But.

Based on what I've seen.

It looks like an infinite universe.

Out there.

And so.

We're basically looking at.

Attacks.

Coming from.

All directions.

And.

Sometimes the attacks.

You know.

Kind of come in a straight line.

And sometimes they curve.

Through.

Space.

And.

Sometimes when you're following.

You know.

The source of the attacks.

You know.

You'll end up like.

Turning around.

And almost.

Three quarters of the way around.

For something that's hitting you.

Like.

Right in front.

It's a very weird.

Kind of observation.

I don't think we should be telling you.

Any of that just yet.

But.

It's beyond.

Phenomenal.

In a sense.

But these things are out there.

There.

And they can attack.

Basically from.

All directions.

And they can attack.

Your front.

From the back.

You know.

Just imagine like a real.

Wicked curveball.

And.

Basically.

It's like a stream.

Of negative.

Negative energy.

We're not sure exactly.

What it is.

But it's probably on the EMF spectrum.

Somehow.

At least.

Part of it is.

And it comes into this world.

Like that.

You'll also get attacked.

By entities.

That are basically.

Incubating.

In people.

And sometimes.

You'll see them.

Basically.

Kind of like.

Phase out of the person.

And turn around.

And look at you.

From behind.

The person.

They'll like.

Merge out of the back.

Of the person's head.

Basically.

And so.

You can be attacked.

By foot soldiers.

You can be attacked.

By.

You know.

Bigger.

Entities.

In the pyramid.

That are.

You know.

Way out there.

In deep space.

Again.

You know.

Ephesians 6.12.

Tells us.

That.

We're not just fighting.

Against flesh and blood.

But against.

Spiritual wickedness.

From heavenly places.

Which in.

Modern English.

Could be.

Translated.

Ghosts.

From outer space.

So this isn't.

You know.

Me just making shit up.

Which you know.

I can understand.

If you think that.

But this is.

Quite literally.

What we're facing.

And it's.

Literally described.

In scripture.

So.

I can confirm.

That this is exactly.

What's happened.

And.

This is the only solution.

For the most part.

Why it's this way.

It's hard to say.

And so.

It is what it is.

We're definitely dealing with.

We're definitely dealing with.

A mega war.

And.

Right now.

It's heading towards.

The end times.

And.

You know.

These things are looking to.

Basically.

Wipe out.

People of faith.

And so.

We have to.

Stand.

If we can.

But there's a promise.

That we'll stand.

In.

Ephesians.

6.

13.

If we do.

Everything.

To stand.

And so.

How many of you.

Would.

Do.

Everything.

To stand.

Most people.

Are not going to wear armor.

Most people are not going to.

Get shielding.

Most people are not going to.

Bother themselves.

With that.

And.

You know.

We can totally understand.

But.

There's a high probability.

These people will be taken out.

Because they haven't.

Done everything to stand.

And you know.

Eventually you get to the point.

Where.

You know.

What's the point.

But.

Eventually.

When you feel.

The pressure.

Of.

The attacks.

Or extermination.

Or.

Whatever is going on.

You'll.

You'll stay motivated.

To.

To survive.

You'll stay motivated.

To take another breath.

To see another day.

You don't really have much choice.

We're just kind of programmed that way.

But.

It's tough.

And.

So we can.

Assure you.

That you're going to need.

All of this.

To survive.

It's not just.

A metaphor.

You know.

I should have said that earlier.

But it's not just a metaphor.

Metaphor.

Or an allegory.

Or.

You know.

Something like that.

This.

There being.

There being.

There being.

Literal here.

In order to survive.

You're going to need.

Armor.

So.

It says.

Take unto you.

The whole armor.

Of God.

That you may be able to withstand.

In the evil day.

Therefore.

Stand therefore.

Having your going.

Your loins.

Girt.

With truth.

And having.

On.

The breastplate.

Of righteousness.

You know.

We.

We can look at this.

Two different ways.

I'm repeating myself.

But.

We can look at this.

Two different ways.

Either.

Paul is talking about.

Righteousness.

Or he's talking about.

A breastplate.

Might as well.

Be safe.

And.

Choose both.

And we can definitely.

Tell you that.

You're going to need.

All of this armor.

Because we are.

In that evil day.

And the fiery darts.

Of the enemy.

That.

You know.

Appear to be.

Energy weapon attacks.

For the most part.

Are demonic attacks.

Coming in.

From.

Another dimension.

There's basically.

Like.

Millions of.

You know.

Super consciousness.

Out there.

That's just.

Attacking.

Humans.

And all they have to do.

Is just think about you.

Basically.

And that's all they do.

They don't sleep.

They might have other targets.

Or.

Whatever.

And.

The more you become a priority.

The more.

You know.

Of these things.

You're going.

To have.

Basically.

Attacking you.

And.

You know.

There's probably other things.

That attract their attention.

Like.

Let's just say.

Negative.

Metaphysics.

And so.

You know.

Idols.

Or.

Other things.

But.

You know.

A lot of.

Different human activity.

Can attract their attention.

And.

For whatever reason.

They're either going to.

Feed off of you.

Like a parasite.

Or.

Kill you.

And probably both.

That's basically what happens.

So.

If you're going to survive.

You're going to need.

The whole armor.

And.

If you're going to fight.

On the spiritual battlefield.

You're definitely going to need.

Armor.

And.

All I can say is that.

You're going to need.

Many different layers.

Of armor.

For many different occasions.

Like you're going to need.

Like super lightweight.

Protection.

For.

You know.

When you go out.

And.

Do things in public.

But you're still going to need.

Some kind of protection.

Or they're going to be able.

To wipe you out.

Real quick.

And they won't miss that opportunity.

And so.

You know.

Bare minimum.

You're going to want.

Like.

Some kind of thin.

Under armor.

Take your pick.

EMF fabric.

Or.

You know.

Aluminum foil.

We recommend.

Eventually.

Making something.

That's kind of like.

Heavy duty.

Under armor.

That has both.

And so.

It's a lot of work.

And.

It's not easy.

Putting it all together.

You know.

We've talked about.

Different strategies.

Before.

Making a tile system.

Being able to make.

Or mass produce.

EMF.

Protection.

In squares.

Or rectangles.

And then.

Putting them together.

Like Legos.

And so.

You know.

You make.

Basically like.

Panels.

To put together.

To make under armor.

I mean.

Unless you're really like.

Gifted with.

Sewing.

I'm not.

So I basically.

Tape everything together.

And.

You know.

Making it look.

Nice.

And having it be comfortable.

And it takes some practice.

But.

You're going to want.

Reinforcement.

In all of your clothing.

And.

The more.

You know.

Proficient you become.

In telekinetics.

The more armor.

You're going to need.

Just.

To go shopping.

You know.

It sounds really.

You know.

It sounds.

Kind of sucky.

But.

It's better than having.

A heart attack.

And.

You know.

Eventually when you.

You know.

Get into this.

You know.

It is a war.

And it's not like.

You know.

Bullets.

It's basically.

Like.

Telekinetics.

And metaphysics.

And.

So.

I mean.

This is where the action is.

This is where you can make.

The most difference.

I'm not saying it's fun.

Or wonderful.

Or anything like that.

But.

This is where.

You can have an impact.

And there's a lot of enemy out there.

To deal with.

But.

Definitely.

Start making.

What you might refer to as.

EMF armor.

And.

Turning it into.

A breastplate.

A girdle.

A shield.

And the like.

We basically get.

You know.

The.

The impression that this is head to toe protection.

You know.

Back in the day.

When this was written.

You know.

They didn't have flak jackets.

And.

They didn't have.

Like.

You know.

Some of the.

The terms.

The terms.

And concepts.

That we have.

You know.

For.

Ballistic.

Armor.

And the like.

But.

You know.

You basically.

Are going to want.

To manufacture.

Some sort of protection.

For.

Just about every body part.

And.

For your home.

And for your bed.

You'll get attacked by.

You know.

Demons from around the universe.

While you're sleeping.

You know.

So.

You know.

I know how it sounds.

But.

It's a true story.

And.

So.

You're going to need.

You know.

Tons of armor.

And protection.

And.

You know.

It's.

It's.

It's tough.

I think about all of the things.

That I've had to buy.

Just to survive.

It's crazy.

Can't even tell you.

How much sheet metal.

I must own right now.

And so.

You know.

Many people.

Who are trying to survive.

Energy.

Weapon attacks.

Are basically spending.

You know.

Five or ten thousand dollars.

To try to get.

Some kind of.

You know.

Peace.

And.

I'm not saying.

You're going to have to spend.

That much.

But.

You know.

You could spend.

Two or three thousand dollars.

In.

In raw materials.

Easy.

To survive.

And still.

It's never really enough.

And I kind of wish.

I did have a bigger budget.

And I would definitely buy more.

But.

That is.

It is what it is.

So you need armor.

And you need.

Not only.

I should say.

You need shielding.

And not only shielding.

But you definitely need.

Body armor.

And.

You should have like.

Basically.

You should be able to stack.

You know.

Helmet upon helmet.

And.

In case things get worse.

Which they always seem to get worse.

And so.

I know how that sounds.

But.

You know.

Basically.

We kind of have.

You know.

All sorts of models.

And.

You know.

Some are bigger than.

Than others.

I'm not saying they're.

You know.

Super huge.

Like.

You know.

In space balls.

Or something.

But.

You know.

They're.

They're pretty big.

And.

You know.

Some are.

You know.

With lead.

Some are lighter.

Some are with.

Aluminum.

Foils.

Some are with.

You know.

Copper mesh.

Or copper.

Foil tape.

And.

Some are with.

EMF fabric.

I've tried all sorts of materials.

I don't know how many helmets I have.

But.

Sometimes.

You know.

You can feel that.

One helmet isn't enough.

And you need to do something.

And so.

All you can really do.

Is just put on another helmet.

On top of the other helmet.

It's.

You know.

It sounds what it sounds like.

But.

You'll know it when you need it.

And.

It's kind of the same thing.

With everything else.

You.

You make one breastplate.

And.

You realize it's not enough.

And you make another one.

And so you have the old one.

And you have the new one.

And.

Sometimes you'll just put one on top of the other.

Until you stabilize.

Basically.

You'll get to the point.

Where you're just.

You know.

Searching for.

Stability.

Normal.

Trying to survive.

Pain free.

And.

You know.

That's the.

One of the main objectives.

So.

You're going to need to spend.

Time.

And.

Resources.

On.

Shielding.

And.

Armor.

And.

Even if you don't do it for spiritual warfare.

You're definitely going to need to do it for.

Electronic.

Warfare.

Because.

There's ghosts in the machines.

That are basically using.

What's.

Here.

Against us.

And.

You know.

It's probably being.

Done in conjunction with.

The hive of.

Bad actors.

In.

You know.

The deep state.

Or whatever.

But.

A lot of action is happening.

In a metaphysical way.

Or it's driven by metaphysics.

And.

They basically use.

You know.

What's here.

As like.

An extra coating.

To the attack.

It's kind of like.

You know.

Adding depleted uranium to a shell.

They're already hitting you with something.

And then.

You know.

The.

They use a coating of electrons.

Or.

You know.

Electromagnetic pulses.

To.

Increase.

The power of that attack.

So.

You know.

A lot of this sounds real abstract.

From the outside perspective.

But.

Once you've.

You know.

Been on the battlefield.

You'll realize.

Just.

You know.

How real all of this.

Is.

And.

Nobody else is going to be able to.

Really talk about it.

In a way that makes sense.

As far as I can tell.

Because it's real quick.

For this to become.

You know.

Like.

Some kind of fantasy.

For some people.

People.

But this is beyond real.

And.

It is fantastic.

And.

There.

There isn't an easy way.

To describe.

What's out there.

Attacking us.

And that's why I think.

It's.

You know.

Presented in this way.

In scripture.

If they get into too much detail.

For people that haven't really seen it.

For themselves.

You know.

You're just going to lose the audience.

They're not going to be able to grasp.

You know.

What you're talking about.

But I have little doubt that.

You know.

The disciples.

And the apostles.

And people.

Two thousand years ago.

Were experiencing.

The same things that we're experiencing today.

But they didn't have cell towers.

They didn't have television.

All they had was.

You know.

Their third eye.

If you will.

To see this.

And to see these attacks.

And.

You know.

Not everybody.

You know.

Was there.

Spiritually.

To comprehend.

What was actually going on.

And so.

I think it's.

Presented in this way.

So that.

Eventually.

You can put it together.

And.

You know.

Again.

The only reason I put it together.

Is that.

When this first started happening to me.

Like demonic attacks.

And the like.

I was living at.

You know.

Street 13.

And.

You know.

Building 6.

There was 613 in the address.

And I was like.

Put on the armor.

Put on the armor.

And then I got the sword.

And then.

For some reason.

I could start seeing these things.

And.

You know.

You would attack.

And it would be.

You know.

It would be kind of better.

And then there would be counter attacks.

And it's just been.

Back and forth.

For the last.

Two years.

And.

You know.

Steadily the pressure increases.

And you get a little bit better.

But.

Essentially.

It's.

It's tough.

It's real tough.

But.

It's real.

And there's some action here.

And there's all sorts of potential.

For.

For.

Newcomers.

And.

So you should.

You know.

Basically.

Take all of these podcasts.

Seriously.

Put doubt.

Behind.

Give me.

The benefit of the doubt.

With what I'm saying here.

And.

If.

You know.

Spiritual warfare.

Is something that.

Interests you.

Then.

Be sure to.

Follow our.

Recommendations.

So we're not trying to sell you the armor.

We're not trying to.

You know.

Waste your time.

We're saying.

Look.

There's a real problem out there.

And if you want to survive.

And if you want to be helpful.

This is.

The best way to do it.

And you all have that potential.

But it's a real.

Difficult.

Conversation.

So.

And the things that we talk about.

We don't just want to share with.

You know.

The sheeple necessarily.

Because.

They're not going to get it anyways.

But hopefully.

Many of you in this audience.

Will get.

What I'm saying.

And will understand.

What I'm describing.

And will be able to perform.

On the battlefield.

And make a difference.

In this war.

Against evil.

So.

We're going to be taking you.

To the twilight zone.

Again.

In the next.

Broadcast.

Which will be on.

Sunday.

We don't broadcast.

On Fridays and Saturdays.

But.

We'll talk about this.

On Sunday.

If we make it that far.

Until the next time.

If you're listening to this.

You are.

The resistance.
