

PREPARING FOR WAR (EPISODE 9)

Welcome back to Jedi Training. Telekinetics preparing for war. We are the secret weapon, believe it or not. We are the secret weapon. This is going to be a mind-blowing broadcast.

And we are going to reveal some information to you that has never really been revealed before. And it is going to change your life forever. But this is the mission that you are embarking on.

Let's go back to the beginning. Let's go back to the motive for creating this planet. For creating Adam and Eve.

Imagine the scenario. Poor little innocent Adam and Eve in the garden. Exposed to the devil. Tempted.

Here. Have some fruit. What is the point of having this tree that you are not supposed to eat?

Here comes the devil. Eat the fruit.

And they eat the fruit.

And they fall from grace.

Kicked out of the garden.

And made mortal.

In a way, leaving their first estate.

Many generations later.

Chapter 6.

In Genesis.

We learned that the sons of God.

Saw women.

And they were like,

Hey.

We're going to get us some of that.

And so they leave their first estate.

And.

Now we have to think about that.

For a second here.

It becomes quite clear that there's.

Trouble.

In the kingdom of heaven.

Before the creation of.

Adam and Eve.

There's some kind of.

Rebellion.

Going on.

And in.

The kingdom of heaven.

The sons of God.

Are referred to as princes.

That's how.

Kingdoms work.

Kingdoms work.

And so there's this.

Rebellion forming.

In the highest ranks.

Of.

The kingdom of heaven.

But.

There's no easy way.

Of.

Exposing the traitors.

And so there needs to be.

A honey trap.

A honey trap.

That has never been seen before.

And so.

The almighty creates.

Adam and Eve.

In their image.

In this.

Physical world.

A separate world.

To draw out.

The enemy.

Of course.

The very nature.

Of this.

Enemy.

Known as.

Fallen angels.

If you will.

Means that.

Their powers.

Their powers.

And their abilities.

Are very much.

God like.

A very real threat.

To the world.

From which they come from.

They come from.

And so they need to be removed.

And thus the physical world was made.

Separate from.

The spiritual world.

The spiritual world.

those that fell left their first estate,

took on human flesh,

and dwelt amongst us.

The trap was laid.

The enemy took the bait,

and they fled their world to come into ours.

Of course, the story gets deeper,

because even though we're physical in nature,

we're actually metaphysical,

part spirit, part physical,

in reality.

Created in the image of our creator.

God-like in a sense, but
mortal.

Paul says something about those that
deny
their godliness.

We are created in the image of our creator.

That means that we can do so much more than just ride a bicycle,
or drive a car,
or jump out of an airplane.

But in a sense, like the fallen angels,
we're
banished
to this physical world.

And we're not alone.

essentially,

if we were to liken the situation
to modern history,
it would be a lot like
World War II.

There is no World War III yet,
so we can't liken it to that,
but chances are it's coming.

But we find ourselves
in occupied Europe,
as ironic as that might be.

We find ourselves
in occupied Europe
during World War II.

Now,
that is, you know,
a slightly controversial statement
for
some people out there.

I hope we don't have
a whole lot of socialists
in this crowd.

But,
if I were to say something like that,
then
bitch shoot.

I'd have all sorts of
Nazis
jumping out of the bushes.

But the occupation of Europe
was a very
real thing.

A terrible thing
for those that
went through it.

And there's a lot of
lessons there,
to say the least.

When
the Germans
invaded France,
for example,
they set up
a puppet government.

All of a sudden,
there were bread lines,
meal tickets,
coupons,
for your ration of milk,
for your ration of bread.

And,
essentially,

people were
held hostage.
And it was much worse
in the big cities
than for people
in the country.

people in the country
could trade
flour for eggs
or something.

But people in the cities
were
basically eating rats.

Of course,
the occupation of Europe
eventually became
the center point
of the war.

the army on the
war.

It took
two armies
to break through.

The army on the
western front
and the army on
the eastern front.

of course,

World War II
wasn't just about
the European
theater.

We had the

Japanese

and

the Asia-Pacific

war as well.

But,

in order to

liberate

the humans

living in

Europe

at the time,

it was a war

on two fronts

against an enemy

that was occupying

that territory.

And,

eventually,

the allies

at the time,

the UK,

the United States,

and Russia,

basically met

in the middle

in Berlin.

It was a long

war.

And,

essentially,

that's the

scenario that we

find ourselves

in.

We are like

the people

in occupied

Europe.

and,

on one front

from the

spiritual world

is the

kingdom of

heaven

trying to

fight through.

And,

on the other

front,

it's us

humans

trying to

fight through

those that

are awake,

those that

are of

faith,

but,

especially

those that

can harness

the skills

of

telekinetic

warfare.

We are

the secret

weapon.

people

and,

the tools

that we've

been given

are found

in the

Bible.

We'll be

talking about

that more

in future

podcasts.

But,

we are the

secret weapon.

And,

training ourselves

to fight

this war

the way

it needs

to be

fought

is

what

this

series

is all

about.

Because,
essentially,
we're fighting
a war
on three
different
levels.

There's
the spiritual
side,
and that
is very
real.

We have
entities
that are
spiritual,
nebulous,
plasma-like
in nature.

that reside
in the
second
heaven,
that are
anchored
somewhere
between
our
physical
heaven,
and

the
heaven of
the
kingdom.
Just
thinking
about
supernatural
activity
around me
right now.

It's
pretty
thick
talking
about
this.

But,
I'm
deep in
the
wilderness,
deep
behind
enemy
lines.

It's
bad.

It's
real
bad.

See
if we

can get

back

onto

that

road.

So,

we're

fighting

this war

on three

fronts.

Well,

we're

fighting

this war

on three

different

levels,

at the

very

minimum.

We're

fighting a

spiritual

enemy that

is

basically

from another

dimension.

you could

call it

another

universe,

but
parallel
universes
is another
thing in
the domain
of the
physical.

war.

We're
fighting a
spiritual
war.

We're
fighting a
physical
war against
proxies,
against
avatars,
NPCs,
drones,
people that
have been
body-snatched,
fallen angels
that look
human.

And,
we're also
fighting a
cybernetic
war.

a war
against
futuristic
machines,
a war
against
futuristic
technology,
cyborgs,
clones,
on what
is now
a prison
earth,
to say
the least.

The
nature of
our prison
is not
fully
understood,
but the
information
that we
have
suggests
that
there is
a synthetic
outer shell
outside of
our

atmosphere,
and there
is a
synthetic
core,
a planet
within a
planet.

It is
strongly
suggested
that at
this stage
the sun
and the
moon are
synthetic as
well.

Was this
the case
in the
very
beginning?

It's
hard to
say,
but it
seems like
just about
everything has
been
assimilated
and has

been
basically
put in
a box,
hidden
from the
rest of
the universe.
earth.

We may
be in
our
original
solar
system,
we may
not
be.

But
essentially
the intel
suggests that
we find
ourselves
in a
giant
black
cube.

Inside
that cube
is another
shell
that

secures
the
atmosphere.
And in
between that
shell
and the
black
cube
is orbiting
a
synthetic
sun and
a synthetic
moon.
with it
are other
craft of
that
nature.
Whether
this
intelligence
is
accurate
or not
is another
question.
We could
just be
in our
original
solar

system.

but

it

could

be

that

we're

far,

far

into

the

future.

And

the

Bible

is

essentially

a

relic

of

the

original

earth.

It

is also

quite

possible

that

we

are

now

part of

a

franchise

of

earth-like

planets

held

in

captivity.

The

true

extent

of

our

universe

is

unknown

to

humanity.

We

just do

not know

where

we are

or

when

we

are.

But

there

is a

high

probability

that we

skip

through
time
somehow.
And
we
find
ourselves
deep
into
the
future
thinking
that
it's
the
year
2022.
That's
how bad
the
situation
is.
the
true
nature of
the
enemy
that
we're
fighting
against
is
essentially

an
alliance
of
dark
forces.
Some
are
the
original
remnants
of the
fallen
angels,
whether
they
survived
the flood
or
became
disembodied,
a
disembodied
consciousness
is still
unknown.
They could
still be in
the flesh,
they could
just be
ghosts.
But
it is

highly
suspected
that
other
civilizations
have been
spawned
by
this
rebellion
of
fallen
angels.

It is
highly
suspected
that
other
forms
of
let's
just say
avatars
have been
made
by this
dark
alliance.

And this
could very
well
be
the

aliens
in
modern
folklore.
The
implications
of
fallen
angels,
which is
to say
a species
of
immortals
that
could be
trillions
of years
old
as far
as we
know,
means that
they would
have
technology
and
knowledge
that is
far
beyond
anything
we could

imagine.

Could they

genetically

create

something

in a

lab

or

inspire

something

like it

that is

highly

likely

and highly

suspected.

We were

created

in the

image of

our

creator.

other

species

were

created

as well.

Some

before

Adam

and some

after the

flood.

what we
can tell
you is
that the
battlefield is
full of
telekinetic
warfare.

Not only
from
disembodied
spiritual
enemies,
but also
enemies
that
are
alien
in
nature,
as well
as
enemies
that are
human
in
nature.

Telekinetics
is not
just
something
that
we're

going to

be using.

The

enemy

is using

it as

well.

The

difference

between

us

and

them,

why we're

the secret

weapon,

is because

we're

inside

this

matrix,

yet

we're

connected

to the

source,

to our

creator,

which

gives us

tremendous

power and

potential.

And I do
mean
tremendous.

But
essentially
this is
a type
of
intergalactic
war
that
spans
many
levels.

An
underworld,
a world
on the
surface,
a world
within the
cube,
a world
outside
the cube,
and a
spiritual
world.

And in
between all
of that,
there's a
high probability

of parallel
universes.
forces,
and at
this stage,
it could
be nearly
infinite.

That is
the scope
of the
battlefield.

That is
where your
outer limits
will have
to be.

because when
we're
attacking
telekinetically,
attacking
just one
target
on one
earth
sometimes
isn't
enough.

Telekinetics
means that
essentially
you're

formulating
an idea,
an idea
that is
destined to
attack.

But the
limitations
of that
equation
tend to
be the
limits of
your
awareness.

You have
to think
about that.

The limits
of your
awareness
are also
the limits
of what
you can
do.

Our aim
is to
broaden
your
horizons
so that
you can

think
outside
of the
box
how
ironic.
But the
battlefield
is so
vast
that
it's a
little bit
like
battleship.
Except the
enemy isn't
always going
to tell you
if you
hit
or if
you
missed.
you
have to
be
persistent
and never
rule anything
out.
the nature
of telekinetics

is to
inflict
damage
through
telepathy
if you
can believe
that.

About a
year ago
or so
we covered
the CIA
white
papers
in the
CIA vault
talking about
telekinesis
and they
definitely
felt they
were on to
something.

There's a
lot of
countries
that have
been
investigating
telekinesis
and the
like.

Sometimes
they call
it something
different.

Paul tells
us that he
knew someone
whether in
the body
or out of
the body
he did
not know
that went
up to
the third
heaven.

bridging
location A
to location

B
is essentially
the main
goal of
telekinesis.

How we
get there
is like
climbing a
ladder.

And before
we can fly
we have to

learn how to
run.

And before
we can learn
how to run
we have to
learn how
to walk.

And before
we learn
how to
walk we
have to
start to
crawl.

And basically
at this
stage we
are not
even crawling
yet.

But I
want to
get your
juices
flowing.

Because we
haven't been
talking about
a lot of
action as
of yet.

And you

might be
thinking to
yourself,
when does
the action
come?

The action
comes when
you are
ready.

and when
you begin
to lift
off you
start

discovering
a lot
for
yourself.

In
the
previous
podcast we
were talking
about
saying our
prayers
correctly.

And when
you are
actually saying
your prayers
correctly,

that is
when you
are going to
start seeing
the interference,
feeling the
interference from
the dark
side.

you will
actually see
the boogeyman
coming out
of the
shadows,
or essentially
occupying
the shadows.

Saying your
prayers at
night,
in darkness,
or semi-darkness,
sets the
scene quite
well.

Saying your
morning prayer,
your afternoon
prayer,
in the
daylight,
is a

little less
conspicuous.

But your
prayers at
night,
especially if
you are
running late
and you
say your
prayer after
sunset,
and if
you are
doing it
right,
is going
to be your
first
preview of
what is
really out
there.

But again,
to do
what we
do as
crusaders,
if you
will,
requires
the very
best in

terms of
practicing
our faith.
We are
not agents
of the
dark side,
we are
not new
agers,
we are
not some
kind of
spiritual
guru,
in a
sense,
like some
of these
other
religions.
We are
Christians
fighting a
spiritual war
against a
kingdom of
darkness.
Christians
in order
to be
proficient
in what

we do,
you really
have to
iron out
all the
little
problems.

And that's
why we're
talking about
the basics.

That's why
we're talking
about Sunday
school stuff,

because a
lot of
people have
been trained

in by
the dark
sign,

by mainstream
religion,

by mainstream
churches,

and so they

have a
watered-down

version of
where they
should be.

It's

basically the
same mantra
in every
church.
Everyone's
stuck in
the Beatitudes,
or everyone
is
entrenched
in the
Jahonian
texts,
and they
never see
beyond it.
What are
the
Jahonian
texts?
What is
the
asynoptic
gospel
according to
John?
It is a
gospel that
came much
later than
the other
gospels,
and doesn't

really follow
the same
storyline.
essentially it
looks like
Romanized
sun worship,
which is
the
Christian
version of
the golden
calf.
How many
of you out
there are
familiar with
the golden
calf?
You should
be.
not long
after the
liberation,
and that's
what the
Bible is
really all
about,
liberation.
After the
liberation of
the Israelites

from Egypt,
Moses goes
up to the
mountain,
and outsiders
that were
tagging along,
basically
brought in
the golden
calf,
persuaded the
people,
and despite
everything that
they had seen,
somehow the
snake came
back into the
garden.
Somehow
these people
made for
themselves a
giant idol,
and worshipped
it,
and of
course you
know the
story.
But,
essentially,

Romanized
sun worship
is something
very similar.

Outsiders
hijacked
the faith,
the religion,
and turned
it into
idolatry.

Of course,
given that
we are
created in
the image
of our
creator,
the human
form of
idolatry is
even worse
than the
animal form.

The Old
Testament
specifically
prohibits
making images
of anything
that is of
human form,
male or

female,
or of
animal form.
Because even
if people don't
worship it,
things that you
can't see,
like demons
and the like,
will worship
it.

They will
turn it
into
an idol.

And even
if you
can't see
it,
and even
if that
wasn't your
intention,
that's what
they'll do.

That's why
we strongly
recommend that
you do not
take pictures
of yourself,
you do not

take pictures
of other
people,
you don't
put up
pictures
in your
home,
because,
essentially,
it's an
abomination.
We've
normalized
abominations,
we've
normalized
sin to
such an
extent that
we don't
even think
about it.
Fornication,
what's that?
But,
if you're
going to
be serious
about this
training,
I mean,
maybe some

of you are
curious and
you just
like the
show,
you just
like my
voice,
you just
want to
support the
broadcast,
okay,
fine.
But,
if you're
serious about
being a
secret weapon,
and you
should be,
because this
is a
fight for
humanity,
if you're
serious about
this vocation,
then,
quit taking
pictures of
yourself.
the

selfies,
the
pride,
quit doing
what everybody
else is doing.

It's tough.

and,

look,

it's easier

when you're

not,

and,

well,

it's just

easier when,

you know,

you find

yourself in a

situation like I

find myself.

it's easier

said than

done.

I think if I

was still back

home,

I'd probably,

you know,

be on a

different path.

But,

given

that I'm
like,
you know,
this kind
of
person in
exile in a
foreign land,
and I don't
like these
people,
it's pretty
easy for me
to kind
of like,
you know,
distance myself
from society.
but,
back in
the day,
you know,
20 years
ago,
I was
pretty much
like everybody
else.
Going to
the bar,
going to
the restaurant,
taking pictures,

going on
vacation,
going to
Las Vegas,
going to
Chicago,
doing all
the things
that young
people do.

And,
had I
stayed there,
I'd probably
still be doing
it.

And,
I'd probably
be like all
the other
sheeple out
there on my
phone,
you know,
posting pictures
of myself on
Instagram,
talking about
myself,
trying to make
other people,
you know,
jealous,

thinking that's

the way to,

you know,

whatever.

And,

so,

it's easier

said than

done.

but,

it's the

only way

to be

able to

do

what we

do

successfully.

Being

spiritually

clean

is

basically

a

prerequisite

for

everything

that comes

next.

That doesn't

mean that

there aren't

going to

be days
where,
you know,
it doesn't
work out
well.

Being
spiritually
clean
basically
means that
you don't
touch
anything
that's
unclean
or participate
in
something
that's
unclean
or eat
something
that is
unclean.

If you
do,
you're
basically
tainted
until the
evening.
and

if you
don't
wash
yourself,
if you
don't
wash
your
clothes,
if you
don't
repent
from that
or at
least
acknowledge
the
problem,
then
you live
with your
inequity.
That's
basically
like a
ball and
chain
spiritually
speaking.
And the
reason that
that's
important

spiritually
speaking
is because
telekinetics
is basically
spiritual warfare.

It's not
really your
mind so
much.

Your mind
is like
the trigger
or the
targeting
system.

But the
way telekinetics
works is
basically the
application of
your
spiritual
abilities
onto
various
planes
on the
battlefield.

of course
we'll get
into that
in a

future

broadcast.

But what's

important

here is

to iron

out all

the things

that are

going to

keep you

chained on

the ground

floor.

And so

as

Christians

it's really

important that

we pay

attention to

what Jesus

is saying

in Matthew,

Mark,

and Luke.

John is

kind of

an enigma.

And

essentially

what we

see in

John
is
sun
worship
dressed up
in a lot
of, you
know,
beautiful
language.
but it
attempts to
poison the
well.
If you
pay attention
to what
Jesus is
saying in
Matthew,
Mark,
and Luke,
you would
know that
Jesus spent
his time
preaching in
synagogues,
preaching about
the gospel of
the kingdom,
which at
that time

was the
Old
Testament,
quoting
very famously
from
Deuteronomy,
when answering
the devil,
it is written,
you shall not
live by bread
alone.

Right?

So,
essentially,
being a
Christian means
that we
are the
inheritance
of the
Jewish
faith.

Jesus
told the
Jews,
the kingdom
will be
taken from
you and
given to
another

nation.

Of course,
the Jews
were pretty
much wiped
out and
we are
that
nation.

That doesn't
mean that
there aren't
still good
Jews out
there that
are trying
real hard
to,
you know,
make up for
what happened
in the past
because there
are.

But as
Christians,
we're basically
the only ones
that are
equipped for
spiritual warfare.
the way
that it,

you know,
has to be
done.

It's
not an
absolute.

There are
sages,
you could
say,
from the
Old Testament
mindset that
are still
able to
do
incredible
things.

But we're
not going
to focus
on that.

We're going
to focus
on our
role as
Christians
in this
battle,
in this
war.

We have
to fight

this enemy
as hard
as we
can because
it's a war
on many
different
fronts.
things.
But you
can only
really
harness
your
full
potential
if
you're
basically
broadcasting
on the
right
frequency.
Here
come some
low vibrations
from the
matrix.
I'm not
sure if
you can
hear that
in the

background.

But

being on

the right

frequency

makes all

the difference.

and it's

the real

reason why

people have

been tuning

into this

show for

many years.

It's not

really the

voice.

It's not

really the

content as

much as

how it

strikes you

in the

body.

We're all

kind of

like

bells

resonating

at a

frequency.

so people
like the
frequency
more than
they actually
like the
voice but
they just
don't know
how to
describe it.

But if
you pay
attention to
people and
this is
like a
good topic
for a
podcast in
the future
just a
quick summary
right now
but if you
pay attention
to the way
people talk
they'll
hit you
in a
different
way.

And the
lower they
hit you or
the lower
they resonate
in your
body
basically the
worse that
person is.

Some people
when they
talk to
you it
basically hits
you in the
gut and
you're like
you know
this is
pretty low
vibration.

And I'm
not just
talking about
the bass
in their
voice or
the lisp
in their
accent but
if you pay
attention

you know
when people
talk to
you it'll
hit you
basically in
a different
place.

The lower
it is
the worse
it is
the higher
it is
the better
it is.

And so
if you
kind of
close your
eyes and
listen to
someone
speaking
and then
you just
kind of
feel where
it's actually
kind of
resonating in
your body
is it the

head,
is it the
shoulders,
is it the
heart,
is it the
abdomen,
is it even
lower?

That kind
of gives
you an
idea of
their
frequency.

It's
one of
the
old
tricks
of the
trade
if you
will.

But pay
attention to
that.

In any
case,
we have
to iron
out all
the little

things.

And so

your homework

until the

next podcast

is basically

to listen

to

Deuteronomy

and Leviticus,

the dramatized

King James

version on

ScrewTube.

just look

it up.

Deuteronomy

dramatized

KGV.

Listen to

it.

Listen to

both Deuteronomy

and Leviticus

and just get

a feel for

what is

required for

spiritual

cleanliness.

It's not

just the

Ten Commandments.

There are
essentially
613

statutes
to know.

And while
you're not
going to be
able to
be Mr.

Perfect or
Mrs.

Perfect on
day one,
the idea
is to get
there.

Because as
Jesus told
us, not
one jot or
one tittle
will be
changed from
the law.

Jesus did
not come to
replace the
law.

Jesus did
not come to
reinvent the
law.

As
some
preachers
will
attempt to
explain.
Jesus came
to fulfill
the law
and prophecy.

And so
it's important
to understand
what is
really going
on in
Matthew,
Mark,
and Luke
as well as
the Old
Testament
to understand
what you
should be
thinking
about the
current
situation.

John,
the letters
of John,
the book

of Revelation
according to
John,
at this
stage is
kind of
like an
enigma.
It's there,
it's interesting,
it's beautiful
language,
but it
looks like
it was
added in
later.
and it's
obviously
Romanized
sun worship.
It's not
the only
example of
late
additions,
and we
could talk
about the
ancient
manuscripts
and various
strains from

different
churches,
and what
actually got
compiled into
the King
James Version,
etc.,
etc.,
but there
are late
arrivals,
and John
is an
example of
a late
arrival.
And so
focus on
what's
resonating with
the Old
Testament,
which is
Matthew,
Mark,
and Luke.
listen to
those as
well.
And we'll
be back
with another

podcast
real soon.
We're going
to keep
trying to
iron out
all the
little things
that we
feel are
common
mispractice
amongst
Christians,
and then
we'll start
getting into
the juicy
stuff.
And that'll
be pretty
soon.
It'll
probably be
by next
week.
We'll
start getting
into the
juicy
stuff.
So stay
tuned.

Until the
next time,
if you're
listening to
this,
you are
the
resistance.
